## 20 Known Dead In Tornadoes

### MISSOURI, IOWA, ARKANSAS HIT BY 'TWISTERS'

At Least 13 Killed When Storm Levels Worth, Mo.; Death Toll May Rise

By International News Service  
Twenty persons were known dead today and more than 50 were hospitalized for injuries in the wake of tornadoes which ripped through widely-separated communities in Missouri, Arkansas and Iowa.

The towns of Worth, Mo., and Bright Water, Ark., were virtually demolished by the twisters, the first of which struck the northwestern Missouri community yesterday afternoon.

At least 13 persons were killed at Worth, and rescue workers began a new search of the wreckage today in the belief that other bodies might be found.

Forty persons were given hospital treatment for injuries suffered in the Worth storm. The Missouri highway patrol estimated that 60 others received minor injuries.

FROM WORTH the tornado jumped into southern Iowa, causing property damage in the small communities of Linville and Clio. No one was reported injured in the two villages.

Seven persons lost their lives in the Arkansas tornado which struck the northwest corner of the state near Rogers last night.

Four of the seven were killed when farm houses were leveled near Garfield and the other three dead were reported at Bright Water, a village of about 50 population.

Fire chief William Keltner of Rogers said that Bright Water was "blown away." He estimated that between 12 and 15 persons were injured by the storm.

### GOVERNMENT OF PARAGUAY MAY FALL TO REBELS

BUENOS AIRES, April 30 — Refugees from Asuncion fleeing across the border into Argentina said today that the government of President Higinio Morinigo is tottering under the four-day-old insurrection inside the Paraguayan capital.

Dispatches to Buenos Aires reported that more than 2,000 civilians have joined rebel troops in Asuncion, where revolutionists are said to control most of the city.

### ONE MAN'S OPINION

By Walter Klerman

Moscow reports that a meteorite fell on Siberia on Feb. 12. The Soviet expects almost anything from the capitalist system but this overt act by the celestial system was unexpected.

News of the meteor was delayed while it was carefully examined — there were no fingerprints on it.

However the planets will be warned against launching unauthorized flights over the territory.

Here we are watching prices tumble. Chloride of lime already is down \$5 a ton and if the public responds it may drop lower.

Only income taxes will stay up. The treasury has so many attractive offers to lend money that it stolidly resists the impulse to save ours.

The president of Mexico is here for an enthusiastic reception and 60 million dollars. And all Harry brought back from Mexico City was a sun-tan.

## School Bill Slashed In Busy Assembly Session

COLUMBUS, April 30—Budget, oleomargarine and school financing today featured the sudden spurt of activity that marked the Ohio legislature's biggest day of the year.

Here are the major developments:  
1. The senate passed unanimously and sent to the house a proposal to submit to Ohio voters in November a maximum \$400 bonus to the state's 781,336 World War II veterans.

2. The house education committee slashed the senate-approved Daniels-Cramer school bill from about 90 to about 83 millions a year, eliminating a minimum \$2,000 salary for school teachers, and recommended it for passage as amended.

3. The senate scheduled for a vote today a bill to permit the

sale of colored oleomargarine, as well as a bill to establish a five-member turnpike commission to build toll super-highways.  
4. The house finance committee, working until midnight, slashed another five millions from the budget, making a total cut from 533 to 510 millions, but failed to finish its work on the measure.

THE HOUSE leadership had hoped to get either the budget bill or the school measure on the calendar this week, and even scheduled a night skeleton session to receive the bills from committee.

However, neither was ready in time, so the skeleton session was adjourned without action. It will now be Monday, at least, before the bills can be brought to the floor for a vote, since a shortage of hotel rooms forced cancellation of the year's first scheduled Friday session.

The bonus measure approved by the senate would pay veterans on the basis of \$10 for each month's domestic service and \$15 for overseas service. It was estimated to cost about 300 millions, plus an additional 50 millions for interest and administration, to be paid with the proceeds of 15-year bonds.

THE HOUSE education committee, in slashing the Daniels-Cramer school bill to 83 millions a year, brought it within a half-million of the amount provided in the budget for 1947 and 1948. (Continued on Page Two)

### DR. ECKENER SILENCED ON WAY TO AKRON JOB

WESTOVER FIELD, Mass., April 30 — Dr. Hugo Eckener, German dirigible expert, leaves Westover field today by airplane for Akron, O.

He is under orders of the Navy department, which brought him to the United States, to make no statements.  
Dr. Eckener was brought to this country from Frankfurt, Germany, to direct aeronautical experiments. He was escorted by naval officers who enforced the ban on interviews.

### DURANT SENTENCED

FRANKFURT, April 30—Col. Jack W. Durant of the United States Army was sentenced to 15 years at hard labor today for the theft of a million and a half dollars worth of crown jewels from the former German princely house of Hesse.

## April Ends With Rain As It Began

Ushered in amid showers April is scheduled to end in rainfall Wednesday night.

April has lived up to its moist record. Rain has fallen in the Circleville area on all except a very few days during this month.

The above-normal precipitation during the past 30 days has delayed the planting of farm crops considerably.

The weatherman's official forecast was for occasional showers and thundershowers extending into Thursday morning, although clearing skies and continued mild temperatures were predicted for Thursday generally.

Just about the only improvement in the April weather, the forecasters said, has been higher temperatures during the last several days.

## RUSSIA WARNED BY PRESIDENT

World Peace Depends On Friendship, Truman Says In Toast To Aleman

WASHINGTON, April 30 — President Truman today told Soviet Russia in unequivocal terms that world peace depends upon friendship and mutual trust among nations.

The American chief executive voiced his sentiments on the present tense state of international nerves during a state dinner at the White House honoring President Miguel Aleman, the visiting Mexican chief of state.

It was Mr. Truman's first official allusion to the abortive four-power Moscow peace conference on which Secretary of State George Marshall reported to the American people in gloomy terms Monday evening.

President Truman cited the friendly relations between the United States, Mexico, Canada, and the other American republics as an example of how nations can live together peacefully.

THE PRESIDENTIAL pronouncement came in the course of an exchange of toasts with the Mexican president.  
Mr. Truman declared: "We are now living in an age (Continued on Page Two)

## 69th Anniversary Of Grand-Girard Drug Store To Be Marked Thursday

Sixty-ninth birthday anniversary of the drug store of George F. Grand-Girard will be marked when the doors of the apothecary shop open Thursday morning.

During the entire 69 years the drug store has been located at the same place at 115 West Main street.

Mr. Grand-Girard is 84 years old. In addition to being one of the oldest druggists in the nation he operates what is believed the apothecary shop which has remained longer at the same address than any other in the United States.

He is Circleville's oldest business man. Not one man is conducting a business in Circleville now who was operating a business on May 1, 1878 when Mr. Grand-Girard first opened the West Main street drug store.

## NFTW BLASTS PACTS SIGNED IN NEW YORK

Pennsylvania Workers Also Agree To New Scale; No National Break Seen

WASHINGTON, April 30 — Leaders of the National Federation of Telephone Workers today branded the wage agreements reached by independent unions in New York and Pennsylvania as a "sell-out."

They declared that 39 striking NFTW affiliates will continue to demand a wage boost of \$6 weekly.

The agreement reached between the New York Bell Telephone company, and four independent unions representing 37,000 workers in the metropolitan area provided for an increase of \$4 a week across the board.

The Pennsylvania settlement called for increases of \$3 to \$4 for 6,000 maintenance employees.

Frank J. Fitzsimmons, head of NFTW's Western Electric affiliate, promptly declared that the two agreements represented "a sell-out of other telephone workers." He added:

"There will be no settlement under \$6 as far as we are concerned. I doubt very much whether any NFTW affiliates will take the New York-Pennsylvania pattern."

"Telephone workers can't live on \$3 to \$4 increases when the rest of the country is getting \$6. Both Fitzsimmons and Henry Mayer, attorney for NFTW affiliates, predicted that the rank and file telephone workers in New York would revolt against their leaders and reject the agreements."

EARLIER, the news of the New York-Pennsylvania agreements encouraged federal conciliators to believe that a "break" would come immediately in the 24-day-old walk-out in (Continued on Page Two)

## Draft Board Moves Out; Relief Office To Move In

Affairs of the Pickaway County Selective Service board were being wound up, Wednesday, and the board Thursday will vacate its quarters in Suite 7 in the courthouse in Circleville.

All official records of the board have been shipped to the Office of Selective Service at 40 South Third street in Columbus, and the office furniture and equipment will be removed Thursday by the Ohio National Guard, Columbus.

The suite of offices will soon be occupied by the county relief setup headed by Miss Pauline Rose as director by authority of the board of county commissioners. The relief office will be moved from its West High street location.

The draft board actually ceased to function at midnight March 31 but the office has been operated since that time in order to

## COPS, ROBBERS GAME FATAL TO YOUNG PLAYER

TOLEDO, O., April 30 — A game of cops and robbers among three Toledo juvenile court wards ended tragically today with the death of Joe Louis Wilkins, 11.

He was fatally wounded by a blast from a shotgun, accidentally fired by a playmate, identified by Lucas county sheriff's deputies as O'Dell Wiley, 9.

Coroner Paul Hohly said Joe died of a wound in the back of his head.

The two boys were playing with a third ward, Anderson Toler, 12, in a farmyard near Sharps school. Anderson, deputies said, escaped injury when he fell to the ground as O'Dell shouted, "halt."

The gun, obtained, according to deputies, from the home of Mr. and Mrs. Paul Williams, was accidentally discharged.

Juvenile court officers said that the dead boy's mother lived in Toledo but the other two were orphans.

For many years Mr. Grand-Girard has been active in the Presbyterian church. He, George Hunsicker and E. S. Neuding worked diligently with the young people of the community.

## HOUSE SLASHES FOREIGN RELIEF

Economy-Minded Republicans Override Truman Plans To Aid Devastated Nations

WASHINGTON, April 30—The economy minded Republican house today over-rode recommendations of President Truman and slashed relief funds for six war devastated nations from 350 million dollars to 200 millions.

A bi-partisan group from the house foreign affairs committee led the "revolt" which resulted in sending to the senate a sharply revised bill which, in addition to cutting the funds, contained a slap at Soviet Russia.

The house action was the first break in the solidarity of the Republican - Democratic "agreement" on foreign policy.

The vote was 333 to 66.

HOUSE ACTION was taken over the protests of Rep. Eaton (R) N. J., foreign committee chairman and a firm supporter of bi-partisan support in foreign affairs. Eaton, the bill's sponsor, pleaded unavailingly with the house not to go counter to the bi-partisan foreign policy which has been in effect since before the war.

The cut in the fund was sponsored by Rep. Jonkman (R) Mich., a foreign affairs committee member.

The slap at Russia, which came under constant attack during the lengthy debate on the measure was contained in an amendment by Rep. Colmer (D) Miss., and Mundt (R) S. D. Colmer told the house he (Continued on Page Two)

## JUSTICE EVELAND'S CAR STOLEN AND RECOVERED

Auto belonging to Justice of the Peace Harold O. Eveland was stolen Tuesday night from the parking lot at the rear of the Fraternal Order of Eagles on East Main street while Justice Eveland was attending a meeting of the lodge.

At 7 a. m. Wednesday the car was recovered from a parking place on McCray avenue. The right rear fender was smashed. Justice Eveland said the speedometer indicated the car had been driven 40 miles by the thieves.

### GALENA HAS FIRE

GALENA, O., April 30 — Fire destroyed a large frame Galena business building early today. The Galena post office, a bakery shop and four apartments were wiped out by the blaze which caused an estimated 20 to 30 thousand dollars' damage.

## BETTY, BENNY 'DEATH DANCE' DUE THURSDAY

Rain Will Not Stop Free Show By Famed Aerialists Atop High Pole

Final preparations were being completed Wednesday for staging the most thrilling aerial show every presented in Circleville.

Betty and Benny Fox were putting last-minute touches on their dance routines, checking on the high pole above Murphy's building atop which they will present three shows Thursday; plans were being made to reroute traffic through the business section and thousands of Circleville and Pickaway county residents were making plans to be in the audience Thursday.

ALL TRAFFIC and parking will be stopped on Court street after 9:30 a. m. Thursday from the American hotel alley south to Franklin street and on Main street from the alley at Kochheiser's hardware store east to the alley at the Fitzpatrick print shop.

Three performances of the spectacular show, sponsored by The Circleville Herald, will be presented. First will be at 10 a. m., the second at 4 p. m. and the final show at 8 p. m.

Benny and Betty Fox, Wednesday the final program will be dedicated to Pickaway county servicemen who gave their lives in World War II. Special patriotic numbers will be presented by the aerialists at this performance. Floodlights will illuminate the pole at the night show.

THE FAMED pair will send shivers up and down the spines of spectators here as they have in hundreds of previous shows. They will present dance numbers of all types on the 18-inch platform atop the 125-foot pole above the Murphy store at Main and Court streets.

Their repertoire includes juggling, adagio dancing, acrobatic dancing and many others. (Continued on Page Two)

## NEW EVIDENCE AGAINST MAY HEARD IN COURT

WASHINGTON, April 30 — A Kentucky lumberman testified today that a lumber company run by Ex-Congressman May (D) Ky., could never have delivered wood listed on invoices as going to the Garsson munitions combine.

A. C. Brown, Whitesburg, Ky., told the May-Garsson conspiracy trial jury that there was no southern yellow pine, which the invoices call for, on the company's timberland.

Brown so testified when the invoices were shown to him by defense attorney Warren Magee during cross-examination. The Kentuckian was associated with May in the lumber business for a time and eventually bought the company for \$40,000.

## SENATORS TRY TO 'SOFTEN UP' LABOR MEASURE

WASHINGTON, April 30 — A senate coalition today launched a drive to scrap toughening labor bill amendments to leave a "bargaining area" for toning down the strongly-worded house bill in conference.

At the same time, Sen. Robert A. Taft (R) Ohio, showed signs of softening toward such a move. Taft said he would be willing to modify the amendment which would permit employers to obtain injunctions against secondary boycotts and jurisdictional strikes.

A compromise was being proposed that would let district attorneys get such injunctions in behalf of employers to save the delay of awaiting action in Washington.

 Betty and Benny looked at Wednesday's rainy skies and repeated their promise that their show will go on even if it is raining Thursday. They never miss a performance despite rain, snow, wind or cold weather.

New routines have been worked out by Betty and Benny and they promise their performances here will be different from those presented at Chillicothe a few weeks ago.

## PUBLICATION OF LETTERS BRINGS STIR ON COAST

SANTA ANA, CAL., April 30 — California's attorney general Fred N. Howser foresaw a possible rift between Louise Overell and George (Bud) Gollum as he pressed an investigation today into the unauthorized publication of love letters exchanged by the couple in the Orange county jail.  
 Howser expressed "bewilderment" at the publication by the Los Angeles Examiner of letters written by the pair who are being held for trial May 26 on charges of murdering Miss Overell's parents aboard their yacht.  
 Howser disclosed existence of further unpublished correspondence between the couple, adding:  
 "I hoped these unpublished letters have not fallen into the hands of anyone. They contain what I believe may amount to serious admissions, although not confessions, on the parts of the defendants."

## ASSOCIATION TAKES DAY OFF AS TEAMS TRAVEL

By International News Service  
 The western clubs of the American Association prepared today to open their invasion of the eastern half of the loop.  
 All but two of the teams were resting after playing through the opposition in their respective ends of the loop. Louisville was scheduled to meet Indianapolis tonight in the Hoosier capital.  
 Yesterday's lone game saw St. Paul stretch its advantage over Minneapolis in their intercity rivalry with a 6-to-4 victory. The Millers were held to four hits by Phil Haugstad and Curt Davis but two of them were homers, each coming with one man aboard.

**MILK PRICE DROPS**  
 CLEVELAND, April 30—Milk prices in the greater Cleveland area go down one-cent a quart tomorrow and as much as four cents a unit on dairy products. The reduction, second since Jan. 1, was made possible, according to market administrator Howard G. Elsam, through lower prices distributors are paying farmers for milk under new federal orders. Prices now will run 17 cents a quart for home-delivered milk and 16 cents a quart for store-bought milk, lowest since lifting of price controls last year.

**SENTENCE DUE THURSDAY**  
 Imposition of sentence on Harvey B. Julian, 26, convicted of second-degree murder in the slaying of his ex-wife, Pearl Eileen, 20, last Jan. 21, is scheduled to take place Thursday in Pickaway county common pleas court. The common pleas judges who found Julian guilty April 1 and who will decide the penalty are: Judge William D. Radcliff of Pickaway county, Judge Howard Goldsberry of Ross county, and Judge George W. McDowell of Highland county.

**AUTOS BUMP**  
 Two cars were damaged in a crash at 9:20 p. m. Tuesday on North Court street, just north of Water street, but no one was injured. A police report said that when Lawrence W. Curl, Jr., 21, Route 3, Circleville, driving north, slowed suddenly to avoid hitting a car ahead, his machine was struck in the rear by a north-bound auto operated by Wendell C. Turner, 36, of 143 Pleasant street.

**SPEEDER FINED**  
 Robert L. Borges, arrested on a speeding charge Tuesday night on U. S. Route 23, was fined \$10 and costs in the court of Mayor Ben H. Gordon. The arrest was made by State Highway Patrolman R. A. Brinkles who said Borges drove 65 miles an hour.

**STEEL RECORD SEEN**  
 NEW YORK, April 30 — Iron Age said today that the ground-work was laid this week for a steel output performance that may rival the all-time production record established in 1944.

The bill would provide 83 millions for 1948 and 41½ millions for the last half of 1947. Thirty millions already has been earmarked for the first six months of this year in the partial appropriations bill, making a total of 154½ millions. The budget carries 154 millions.  
 That wasn't the only problem

## ASHVILLE MAN IS CHARGED IN TRAFFIC DEATH

Accused of second degree manslaughter in a traffic death, Clinton Everett, 63, Asheville, Wednesday was in the Franklin county jail at Columbus, in default of \$1,500 bond.  
 The charge resulted from the death of Mrs. Grace Tucker, 51, of Reese Station, who was killed Saturday night when she and Mrs. Katherine Hahnert, were struck by Everett's car as they walked on a roadway near Reese Station. Deputy Sheriff Elmer Grossman said the two women were walking toward the automobile. Mrs. Hahnert was removed to St. Francis hospital.  
 Everett, a Norfolk and Western Railway section hand, was arraigned Monday night before Justice of the Peace Guy Burrell on an affidavit prepared by Assistant Prosecutor William S. Bryant and signed by Carroll Finn, a nephew of Mrs. Tucker. Deputy Grossman declared Everett figured in another traffic mishap 10 minutes before the two women were hit. In the first accident Stuart Root, 14, Columbus, told deputies his motor bike was struck by Everett's auto on the Groveport pike at Obetz, but Root was uninjured.

## GAMBLING TO BE BANNED AT ALL COUNTY FAIRS

COLUMBUS, O., April 30—The state board of agriculture refused today a request of the Ohio state senate to appropriate \$3,500 to help meet expenses of entertaining the national grange at its annual convention in Columbus No. 12-21.  
 The board, at its meeting yesterday, said that it did not have the prerogative to assist the grange because it was a private, not a public enterprise.  
 The board also gave notice that it would enforce the state gambling laws in the state and county fairs. Direct Frank N. Farnsworth said that the enforcement would come through the foods and dairies inspectors, who would either withhold or revoke licenses of concessionaires where games of chance were involved.  
 The director added that the prohibition included bingo.

facing the finance committee. It still must act on a proposal to pay a state subsidy of \$2.50 a day for each tubercular patient, which may cost around three million dollars a year. The committee failed to reach agreement on the subject last night.

**BIGGEST CUTS** last night lopped 2½ million dollars from five of the six state-supported universities, with only Wilberforce untouched. Ohio State, of course suffered the biggest loss — \$1,300,000 pared from its salary budget and \$494,270 from maintenance.  
 All five universities had their personal service budgets slashed by the amount that student fees increased last year, and there was a straight ten per cent cut across the board on all maintenance items.  
 A two-million dollar item for school rehabilitation also was eliminated, but is expected to show up later in another bill exclusively for capital improvements.

**THE EMERGENCY** board was cut \$200,000 in liquor department funds, and new autos for the five universities, earmarked at \$67,400, also were deleted — but may show up in the additions and betterments bill.

An \$84,000 increase for agricultural extension work at Ohio State university was provided by a 10-8 vote, but a proposed quarter-million dollar increase for the Ohio agricultural experiment station at Wooster was voted down by voice vote.

A sum up to \$25,000 a year to increase prisoner pay at state prisons was made available from the welfare department's manufacturing and sales division; \$8,500 was added to the traveling fund for mine and boiler inspectors when Rep. L. P. Mooney (R-Hocking) complained they were idle the last six weeks of last year because travel funds were exhausted; \$13,000 was provided the division of plant industry for the eradication of common barberry, and \$1,000 was provided for the state records commission.

 Turning to the secretary of state, the President continued:  
 "General, if we could just get friendship and unity in the eastern hemisphere, we would have no more trouble."  
 "You have tried your best. So have we all."  
 "But I think we can set an example for the other side of the world because our neighbors to the north and to the south are not afraid of us."  
 "They are friendly with us."  
 "They believe that we are honest in our endeavor to be friendly with them."  
 "That is proved by the visit of my friend here from Mexico City."  
 Mr. Truman made no direct mention of Soviet Russia. There was no doubt, however, among his auditors that he was speaking of and to Russia.

**THE GLITTERING** state dinner assembled the chief justice of the United States, the President's cabinet, the president pro tem of the senate, speaker of the house, heads of the armed services and other top-bracket Washington dignitaries to honor Aleman.

The dinner climaxed the first day of the Mexican president's three-day visit in the nation's capital in which he received a welcome seldom equalled in the city's history.  
 Nearly three quarters of a million persons turned out to shout greetings to the distinguished visitor from south of the border as he drove with President Truman from the national airport through the city to the White House yesterday afternoon.

**VISIBLY** affected by the warmth of his welcome, the 43-year-old chief executive told Mr. Truman in his dinner toast last night:

"He went to Mexico and he brought back to the United States the hearts of the Mexicans."

# STASSEN TALKS ABOUT POLICY

WASHINGTON, April 30 — Harold E. Stassen, guarding a transcript of his Moscow conference with Premier Stalin, called on Republican congressional leaders today in a careful program of consultation before speaking out on the ticklish foreign policy situation.

The former Minnesota governor, an avowed presidential candidate, began his series of party contacts in a two-hour session with Sen. Vandenberg (R) Mich., senate foreign relations chairman and GOP foreign policy leader. He returned from Europe Sunday.

Stassen, replying to a question suggesting that his consultation in the interest of bi-partisan foreign policy was a contrast with that of Henry A. Wallace, made it clear that his present course was his own—and not new. He said:  
 "The policy I am following is the policy I followed more than two years ago and is not in contrast with anyone else's policy."

## DULLES CHARGES RUSSIANS RELY ON PENETRATION

NEW YORK, April 30—Soviet Russia today was charged with "relying heavily" on penetration into political parties and labor organizations of Germany and Europe to accomplish its ends.  
 John Foster Dulles, Republican advisor to U. S. Secretary of State Marshall at the Moscow four power conference made the charge in a radio address last night.

He said Russia was depending only to a small extent on diplomatic negotiations bringing about the kind of Europe the Soviets want.  
 Dulles said that it was time for the United States to meet the Soviet challenge and added:  
 "It is up to us to show, in every available way that free institutions are the means whereby men can save themselves from the sea of misery in which they find themselves."

## CREAM PRICES UP

Wholesale prices of cream advanced four cents Wednesday on the Circleville market. The new prices are 60 cents for premium cream and 57 cents for regular grade. The wholesale price of eggs continues at 38 cents a dozen.

**NFTW President Joseph A. Beirne** instructed his members to stand firm for higher wage increases, however. Beirne hailed the other Bell offers only as a "starting point for negotiations" and said "they are encouraging."

Beirne said the Wisconsin and Northwestern Bell companies had made wage offers to NFTW unions but they were rejected as being below the national pattern. He said "a membership revolt" is brewing in New York because the rank and file is dissatisfied with the agreement made by the officers of the independent unions.

## ALEMAN WARNS RUSSIA AMERICAS STAND UNITED

WASHINGTON, April 30 — President Aleman of Mexico declared today that "any aggression, wherever launched, imperils the peace of the Americas."

The Mexican chief executive, President Truman's guest for a three-day stay in the nation's capital, served notice on Communist Russia that the Americas "do not wish to have our peace at the mercy of aggressors."

Aleman, without mentioning Russia specifically, made it plain in an address before the Pan-American union governing board that the Americas stand firmly together for peace.

 wanted to be sure that none of the relief "aided Communism."

The amendment would bar relief to Poland and Hungary, if the President decided they were "dominated" by the Soviet government unless administered by American authorities.

The decisive votes were on the Jonkman and Colmer-Mundt amendments. When they were approved, many opponents joined in voting for the bill on final passage in hopes the senate would reverse the action taken by the house.

Preceding the final vote, the house voted 225 to 165 against restoring the \$150 million cut.

## RESERVATION ON PLANE EASIER TO OBTAIN NOW

Air Travelers Pleased With New System Which Makes Berths More Sure

WASHINGTON — Jet propulsion and rocket power may get the headlines, but the big aviation news for the average air traveler is far less spectacular: the plane reservation problem has been solved.

Thanks to a new visual control system, the delays and errors which formerly plagued the airlines and their customers are being eliminated. The days when it took as long to make and confirm a reservation as it did to fly the destination are gone forever, say airline officials, happily.

Basis of the new Aero-graph system is a compact display board with a translucent plastic face. One board is installed at each location where tickets are sold, and black symbols and plastic inserts of various colors are posted, or removed, to show changing reservation information.

When space is sold for a cer-

tain flight, the information is posted on the board at the selling office, and the details are immediately sent to all other ticket offices over the existing communications system. Boards at all offices thus show current space status almost instantly.

Units now being installed for United Airlines in its San Francisco offices will be manually operated, but the boards can be operated automatically from the present communications system.

The Aero-graph boards will show space available on all flights to any destination for as far ahead as 31 days, airline officials say, so that reservation clerks can immediately suggest substitute flights if a desired flight is sold out.

Over-selling of space on individual flights, and subsequent "bumping" and other annoyances of the past, are impossible under the new control system, it is claimed.

Additional Aero-graph units which are expected to improve airline efficiency include a trip identification sign designed to prevent congestion and confusion in terminals, and other devices

which will furnish passenger information quickly to airline personnel.

On all units, fluorescent lighting behind the board, plus color combinations chosen for sharp contrast, give good readability from a wide angle without glare.

Thirty trip identification boards are being installed for Pennsylvania-Central airlines at eighteen terminals, and an arrival and departure board is being placed in operation for American Airlines at New York's LaGuardia Field. Other units will be installed as production volume permits.

# ANNIVERSARY OF GRAND-GIRARD STORE MARKED

Venerable Druggist Has Been  
In Business In Same  
Spot Since 1878

(Continued from Page One)  
of Mr. Grand-Girard plans for a celebration in observance of the 69th birthday of his drug store have been abandoned.  
Although Mr. Grand-Girard's illness has prevented the holding of a community celebration in tribute to him it is probable that he will be the recipient, Thursday, of many floral tributes.

THOUSANDS OF Circleville adults recall the alacrity with which Mr. Grand-Girard gratuitously handed them sticks of chewing gum when they were children.

Year after year he handed chewing gum to boys and girls both young and old. Wartime gum shortages, however, a few years ago compelled abandonment of that old-time gift custom.

Circleville's venerable druggist was born June 9, 1862 at Red Oak in Brown county, the son of the Rev. and Mrs. Emile Grand-Girard. His grandfather was a member of Napoleon Bonaparte's Imperial Guard.

MR. GRAND-GIRARD, ill in recent weeks and unable to spend much time in the drug store, lives at 115 North Washington street. A daughter, Mrs. Walter R. Pope, resides at 68 Brooklyn avenue, Youngstown, and a son, Stanley Grand-Girard lives at 1401 Highland road, Sharon, Pa.

Mrs. Carrie Dresbach Grand-Girard, wife of Mr. Grand-Girard, died in September, 1906, more than 40 years ago. A son born to them on Feb. 14, 1886 died at the age of nine months.

For many years the late Charles E. Diehlman, Sr., was

a clerk in the Grand-Girard Drug store, and during the last several years his son, Charles E. Diehlman, Jr., has held that post.

IT WAS just nine years ago, on May 3, 1938, that Circleville fellow-citizens tendered a testimonial celebration and banquet at the Presbyterian church in honor of Mr. Grand-Girard on the occasion of the 60th birthday of his drug store. One of the principal speakers was Fred C. Clark.

On that occasion Mr. Clark, pointing out that Mr. Grand-Girard "has been playing with that mortar bowl, making medicines and friends, down there on Main street, since 1878" declared he "estimates that he has given away more than a quarter of a million sticks of chewing gum."

Paying tribute now on the 69th anniversary of the Grand-Girard Drug store, Mr. Clark said "Just try to imagine the time Mr. Grand-Girard has spent in that drug store, try to imagine all the powder and pills, all the herbs and tonics, all the candy and chewing gum, all the sodas and sundaes, all the smiles and friendly words. Conducting a business 69 years successfully at the same location is an accomplishment which is indeed rare. Mr. Grand-Girard is respected by his fellow-citizens of Circleville not alone for his successful 69-year record in business but also for his unvarying friendliness, his never-clouded serenity, his genuine Christian spirit that has characterized those 69 years."

**We love 'em in December as we do in May**

REMEMBER the day you first romped away in that Buick of yours? How those eight Fireball cylinders fairly floated you over the hills—how those road-steady two tons of lively car answered sweetly every light touch of your hand on the wheel—how you glided along with foursquare BuickCoil springing smoothing every wrinkle in the road?

That's what your Buick was built to do. Years and years of that kind of driving are in it—especially when it gets the interested, informed car care this fine an automobile should have.

That doesn't mean just periodic lubrication, a body wash, battery check or bolt-tighten. It means thorough attention by competent Buick men—attention that keeps a Buick always a Buick.

Buicks are our babies. Even the smallest details are handled the way they should be for a Buick. We have Buick tools that do jobs better and quicker. We have men who know Buicks best. We have Buick-engineered parts that are precisely right for your car.

Put that all together and it's Buick car care.

Pretty clear, isn't it, that here is where your Buick will receive the best attention? After all, we love 'em heart and soul.

**"TOP" SECRET**

One of the things that play a part in Fireball snap is Buick's wafer-thin steel cylinder gasket. Just 15 thousandths of an inch thick, it's a "must" for the high compression this powerful straight-eight is designed for. Other kinds that are thicker cut down the compression and the car's liveliness.

In carbon and valve jobs, or any other where this gasket must be replaced, only this Buick gasket will assure the fit Buick engineers intended. No wise Buick owner would have any other in his engine.

Just another example of how you get more for your money—in major adjustments, tune-ups, lubrication or anything your car needs—when you make sure it gets Buick car care.

### FOOLING THE SUN

IN MANY communities, among them New York, Chicago, Philadelphia, Pittsburgh, Boston, Baltimore and St. Louis, the last week in April means the beginning of a period when every day has an extra hour of daylight. The man of the house, coming home from work when the sun still stands high, eats a hurried supper, dons old clothes and has an hour to mow the lawn, weed the radish bed or wash the windows. Of course now and then he will play golf, or merely sit on the front porch and listen to the sound of his neighbor's lawn mower.

Man, having set up the human thing called time, now goes to elaborate means to change the rules. Ancient people were content with the simple device of following the sun's own schedule, rising when the sun awakened them, retiring when darkness dropped on the earth. The birds and most animals, wiser than humans, still use the sun for their clock. But man, caught in his mesh of artificiality, now thinks that by his "daylight saving" scheme he had "added" an hour of sunshine to his day, and cleverly made the sun work overtime for him.

Violent controversy rages over this. Thousands of people feel cheated if their local governments vote to hold the same time winter and summer. And indeed modern life is so geared to the business and industrial clock that it does little good to rise with the sun. The time for outside activities mostly comes after the regular day's work, not before. But is there any real gain? Wouldn't it do a fellow just as much good to get his outdoor period before going to work and then go to bed early.

### HOLDING DOWN COSTS

A COUNTY agent in a lush agricultural section of Ohio sent a letter around to the farmers on his list that contained some good advice, not only for them but for everyone. He urged them to work at keeping production costs down.

"Farm prices probably have passed their peak, but goods and services are going up and probably will remain high for some time. Net cash income depends on increasing efficiency and lowering production costs."

This is equally true for the business executive, the professional worker, the household manager. It is surprising how many corners can be cut, how judicious care of equipment will prolong usefulness. What's needed to get back on balance is the homely old-fashioned thrift technique of "make-do".

If a real depression develops out of the promised slight recession—and it might—everyone will have to make-do the hard way. Why not get at it a little before a bad bust occurs and escape the worst of the recession difficulties.

Must Jerusalem be forever a city of sorrows?

## ASSIGNMENT: AMERICA

By Kenneth L. Dixon  
Distributed by International News Service

WASHINGTON, April 30 There was quite a record in the gallery of the house of representatives when the subject hit the floor for debate.

That didn't mean anything in particular, however. There'd been a good-sized crowd in the senate gallery the week before when the bill was being discussed, too but, what with Spring and the tourists, there's almost always a pretty big audience at the two-ring circus out on capitol hill nowadays.

But if the subject under discussion wasn't responsible for attracting the crowd, it certainly seemed to be inspiring the orators down on the house floor.

"It's absolutely unfair to the hard-working farmers of the entire area," shouted one congressman angrily. "It will add an extra and entirely unnecessary burden to the already over-worked people who are responsible for feeding us!"

Springing to his feet, another solon thundered back that failure to pass the measure would be "just as unfair" to the working people of the entire district.

The representatives were debating whether or not residents of the District of Columbia should be permitted to change to daylight saving time if they so desired. The bill in question would leave the decision up to the district commissioners who would hold hearings on the subject.

There was nothing new in any of the arguments presented, pro or con. They had been thoroughly aired already in the senate. One school of thought was that it would force farmers of nearby Maryland and Virginia to get up an hour earlier in order to get their dairy products, vegetables and other produce into the capital markets on time. The other group felt that it would permit Washington workers to do the majority of their day's laboring in the comparative cool of the morning, thus making for more efficiency and more pleasant living during the hot summer months.

That was the basic disagreement, but it took a thousand tangents. Congressmen shouted, orated and declaimed—while the gallery wondered when they would settle the subject and get on to legislation affecting the entire country and world.

One congressman contended that shifting to daylight saving time would upset city milk deliveries. Said a gallery cynic, sotto voice: "How would he know? He hasn't drunk a glass of milk in ten years."

Another insisted that it was a plot of the "big radio networks who have their headquarters in New York and want to force New York rules on the rest of the country." A radio reporter recalled wryly that the congressman had been refused some free network time in a recent campaign.

Still another claimed it was a trick of government workers "who already only work five days and 40 hours—and get off at 4:30 in the afternoon. This would let them off at 3:30!" He thought they didn't deserve it.

One solon said angrily that his constituents would think he was loafing on the job. Operating on Pacific standard time, he said if they tried to call him shortly after noon and didn't get an answer, "they wouldn't realize it's after 5 o'clock here, and would wonder why my office was closed." "A political opponent, standing just outside who would vote for him probably body who would vote for him probably would be just about that dumb!"

Proponents of the measure pointed to the

### Using Penicillin in a Spray

By HERMAN N. BUNDESEN, M.D.

WHEN you speak of a cold or sore throat you mean exactly the same thing that doctors do when they refer knowingly to upper respiratory infection.

These days the sulfonamide drugs are often used to treat such conditions. In the opinion of Drs. Elijah E. Menefee, Jr., and Robert J. Atwell of Duke University, however, penicillin is much more advisable in many cases because so many people become sensitive to the sulfonamide drugs.

#### Penicillin Applied Locally

For treatment of upper respiratory infections they think the penicillin should not be taken by mouth or given by injection, but rather applied locally to the nose and throat.

In colds the nose and throat were sprayed three or four times each day for three days. Sixty-six patients were treated. It was often found advisable to use some solution in the nose such as ephedrine to shrink the nasal membranes before spraying the penicillin. It was found that this treatment was not of much value in overcoming the symptoms of a cold but apparently did aid in preventing complications such as sinus infection.

#### Sore Throat Patients

Fifty-one patients with sore throat were treated with penicillin by spraying every three hours. The

patients had such symptoms as redness of the throat, and slight fever, although none of them seemed very ill. Twenty-nine of the patients reported marked improvement in their condition within 12 to 24 hours after the treatment was started.

Nine patients suffering from septic sore throat, a condition caused by hemolytic streptococci were also treated by spraying with the penicillin. All of these patients were improved within 12 hours and were apparently well within 36 hours.

#### Spraying with Penicillin

It would appear that spraying with the penicillin is of great value also in clearing up many carriers of hemolytic streptococci. In five persons who were such carriers the penicillin spray eliminated the condition within two days.

Trench mouth also responded quickly to this form of treatment. Immediately upon a diagnosis, the patients were treated by spraying of the mouth and gums. Then they were given a solution of penicillin to use as a mouth wash. Within an average time of three and one-tenth days, the condition was cleared up in all cases.

Thus, it would appear that the use of a penicillin solution in the mouth and nose may be of value in a number of infections, though, unfortunately, it does not do much against that greatest of nuisance-makers, the common cold.

### SHORT SUIT BID THE KEY

HOW OFTEN a player with a fine fit for his partner's minor suit, but none for his major, wishes for a safe way to find out if the side could play the deal in No Trump? But with strength in only one of the two unbid suits, he fears that the other would be run against such a contract. So he must either make a pure guess that his partner stops that fourth suit or else leave the side's sole hope for game to an 11-trick minor contract. In such a situation, the secondary bid of a three-card or less short suit may be the key.

The first round of bidding, also South's second bid, were exactly alike at practically all tables of a sizable duplicate. Then came the variations. Among a choice of evils, some supported the spades with only an inadequate three cards, as in the first sequence above. The declarer in those cases lost two tricks in clubs and two

in spades, though double-dummy trump play could have made it losing the 9 finesse to the J, next dropping the K with the A, and using the 10 and 9 on the last two trump tricks.

Other Norths preferred to favor diamonds again on their second round, after hearing the 2-Spades; they bid either three or four. Nearly all of those got into 5-Diamonds and the declarer lost two tricks in clubs plus one in spades to be set a trick.

One North made a pure guess that his partner could probably stop clubs, so bid 2-No Trumps and South then 3-No Trumps, which of course was airtight and with an extra trick virtually certain. But one got to the 3-No Trumps more safely. On his second turn, over the 2-Spades he bid 3-Hearts. South could not possibly consider this a four-card suit, as in that case it would have been the first response instead of the raise in diamonds. It told South to bid 3-No Trumps if he stopped clubs, which he did.

### CHAPTER ONE

THE OCCASION for the traffic jam on the Turrell home was the wedding of Diane Turrell to Bill Arden. Even the sidewalks were crowded by the curious.

"Let 'em stand," said one of the policemen detailed to the event. "Isn't like it was a fight."

"Not yet, anyway," answered the other, cheerfully.

So the women and some men continued to stand and to stare expectantly at the lighted windows. It was the daughter of J. Emmet Turrell getting married behind that blaze. Some said he was the richest man in Grandharbor, others that it was mostly bluff. That he'd started as a tinsmith on the docks at San Francisco, that he'd made his pile smuggling No. 9's struck gold in Alaska. No, it was tin down in South America. He had come to Grandharbor only two years ago and its citizens, inclined to modesty in their claims for their city's opportunities, were still figuring why and for what.

A few talked about the way he'd bought this house, one of the finest on Oak Avenue. Oliver Matthews of the Matthews Paper Company had built it, ten years ago, and then his company had gone under and he had put it up for sale, with everything in it, even the paintings he had collected and one of them a Romney. And up had stepped J. Emmet Turrell with the cash practically in his pocket. He'd kept on the Matthews servants and moved in as if it were no more than going from one hotel to another. His wife, not the girl's mother but a second one, and the daughter had ridden up in a taxi around five o'clock of a winter afternoon and two hours later had eaten their dinner off the Matthews' dishes, cooked by the Matthews' cook and served to them by the Matthews' son's butler.

The younger women talked about the girl. Some had served her in various eating places, where, they contributed, she was always with a lively crowd of young people and the life of it; others had sold dresses and hats and gloves and such to her and could say with authority that she didn't care how much anything cost. All had seen her face frequently in the Grandharbor newspapers, snapped at one or another gray young affair, in every kind of garb from a scant swimming suit to an all-enveloping fur evening coat; some had read about her in the local newspapers' gossip columns, which made her as near a glamor girl as Grandharbor had.

A few talked of the bridegroom and agreed he was a lucky devil, marrying into J. Emmet Turrell's money. He was a lawyer; they needed to marry money. The Arden family, wasn't it, that'd been in Grandharbor since its beginning? Well, it all proved that this was a country of opportunity!

They waited patiently and in good-will through the May evening for Diane Turrell and William Arden to come down under the awning, when for a brief moment they'd feel one with romance and glamor and youth. They could hear the strains of dance music and see dancing figures pass the windows. The ceremony itself must be long.

Truman-GOP Clash Expected | Goods, Labor Supply Boost  
If Three Big Bills Are Vetoed | Seen Increasing Farm Debts

Special to Central Press

WASHINGTON—President Truman is generally expected to clash with Republican majorities in Congress by vetoing three major bills now in process of preparation.

These bills would annul portal-to-portal pay suits, institute sweeping labor reforms and cut taxes.

Deep rumblings of a veto against the portal pay suit bill have already echoed through Capitol corridors. Considerable delay has been encountered, however, in getting final action on the bill because of the difficulties confronting the Senate-House conference committee.

If this bill finally reaches the White House and is vetoed, it will be the first major clash between the chief executive and the GOP-controlled Congress.

If Congress should pass a comparatively mild labor bill, there is a chance that the president might approve it. The legislation now being routed through the two chambers, however, is loaded with drastic strike and union curbs. A presidential veto is generally predicted if a bill of this kind is finally passed.

The tax reduction bill is almost certain to head into a veto unless the measure finally passed is far different from the "20-30" per cent income tax cut measure approved by the House.

As to whether Congress would pass any of these bills over a veto—there is a possibility, in the case of the labor legislation, that this might be done. On portal pay suits the result of a veto is doubtful, while in the case of the tax bill a veto is almost certain to be sustained.

President Truman

"Yes, dear, but be sure you have the correct number. Listen, and count seven rings. If there is no answer, hang up and try ten minutes later."

"If you get an answer, speak clearly, don't talk too fast. Keep your lips close to the mouthpiece, but please, dear, don't talk over five minutes."

## Annual Girl Scout Court Of Awards Held

Badges Presented In Program At St. Philip's

Girl Scout Court of Awards of Circleville and Pickaway county Girl Scout association was held Tuesday evening in the parish house of St. Philip's church, before a capacity crowd of parents, friends and Scouts.

This is a ceremony that has a great deal of significance in the intermediate program of Scouting, for at this time the individual girls receive their awards for the work they do, either together in their troops or as individuals. First and second class rank badges are usually achieved through and with other troop members, while the proficiency badges belong in the latter category.

Following the grand entry of all the Scouts, the flag ceremony was held with four members of Troop 2, acting as color guards. They were Ruth Grubb, Jacqueline Smith, Marlene Steele, and Jacqueline Turner.

IN HER welcoming address Mrs. Tom Renick, deputy commissioner said, "that it has been said that the 35th year of Girl Scouting might well be a monument of achievement to a long history of Girl Scouting in the world of today, and that this court of awards might also be a monument of achievement and progress for the Scouts in Pickaway county. It is important to remember that much work, patience and effort on part of everyone interested in and associated with Girl Scouting went into these little badges."

In presenting the rank badges, Mrs. John Eshelman explained that rank badges are intended to broaden the outlook, for the girl must pass tests in 10 fields of activity. Two girls, Nancy Watt, troop 1, and Ellen Hudson, troop 6, of Ashville were awarded their first class badges. Second class awards went to Nancy Boggs, Ann Thomerson, Mabel Franks, Ester Hedges, Carol Hines, Jane Eversole, Virginia Grove, Shirley Hoover, Ellen Essick, Marilyn Kauffman, Donna Wellington, Judy Smart, Phyllis Clifton, Lissa and Lannie Given, Carol Goodchild, Juanita Hill, Dorothy Thompson, Willa Jean Tomlinson and Jane Watt.

PROFICIENCY badges for each troop were presented by troop leaders, introduced by Mrs. Eshelman. Intermediates include troops 1, 2, 3, 6, 9 and 11. Miss Doris Schreiner is leader of troop 1, and is assisted by Miss Ann Curtain.

Proficiency badges were presented for troop 1, Hostess; Nancy Bower, Sue Brown, Norma Howard, Patsy Johnson, Peggy Andrews, Carol Leist, Mary Carolyn Weller, Patricia Valentine, and Nancy Watt. Troop 2, Minstrel; Peggy Andrews, Norma Howard, Patsy Johnson, Carol Leist, Nancy Bower, Mary Carolyn Weller, Patricia Valentine, Jean Heine, Lannie Given and Nancy Eshelman.

Troop 3, World Trefoil; Peggy Andrews, Sue Brown, Norma Howard, Patsy Johnson, Carol Leist, Nancy Bower, Mary Carolyn Weller, Patricia Valentine, Jean Heine, Lannie Given and Nancy Eshelman.

BADGES presented each girl in troop 2, with Mrs. John Woods leader and Mrs. Bishop Hill assistant leader included, Nancy Boggs — second class, home nursing, hostess, cyclist, housekeeper; Jo Ann Brink — home nursing, housekeeper, hostess, cyclist; Jeanette Moats — home nursing, housekeeper, hostess, cyclist; Patricia Moats — home nursing, housekeeper, hostess, cyclist; Anne McMordie — home nursing, housekeeper, hostess, cyclist; Clarabelle Rinehart — home nursing, housekeeper, cook, hostess, cyclist; Marjorie Rinehart — home nursing, housekeeper, cook, hostess, cyclist; Jacqueline Smith — home nursing, housekeeper, hostess, cyclist; Marlene Steele — home nursing, housekeeper, hostess, cyclist; Marjorie Thornton — home nursing, housekeeper, hostess, cyclist; Jacqueline Turner — home nursing, housekeeper, hostess, cyclist; Ann Thomerson — home nursing, housekeeper, hostess, cyclist; Beverly Reid, world trefoil, group music min-

Canteen Parents Committee Meets

Chairman of activities committee of the Pickaway County Youth Canteen Parents' Association held a business meeting in the canteen rooms over the First National bank, Tuesday evening.

Solicitors were assigned territories and further plans were made to start the drive for articles to be used at the benefit sale on May 13. Several suggestions were submitted for a more conclusive and productive campaign. May 3 and May 10 were set as definite dates for picking up articles in Circleville and Pickaway county.

Work has been started on re-decorating the canteen. Officers hope to derive enough funds from the sale to complete their plans and maintain rooms for youth in the community. They request any persons not contacted by solicitors to call Youth Canteen, number 1340, and arrangements will be made to pick up any articles to be contributed.

# 80,000 POLES THINK BRITISH TRICKED THEM

Many Taken To England Will  
Go Back To Italy While  
Others Go To U. S.

LONDON, — Many of the 80,000 Poles now penned in "recalcitrant" camps throughout Britain believe they were tricked into coming to Britain by false promises.

Reports from one of the camps in Northern Scotland claim the men who fought at Mone Casino did not want to leave Italy, and only agreed to travel to Britain because they were told they would get their discharge and demobilization pay here.

Between two thousand and

three thousand of these Poles are married to Italian women and are anxious to be discharged to rejoin their wives in Italy.

Some of them have arranged to emigrate from Italy to the United States and other countries.

ONE OF the men Corporal Antoni Biezzard, produced a certificate issued by the Second Polish Corps Headquarters in Italy, dated April 15th, 1946. It stated:

"This is to certify that the above, named will be released from active military service with the Polish armed forces in Italy as soon as he is able to produce a valid U. S. A. entry visa, and a proof that his passage to U. S. A. is secured."

The corporal also produced an envelope from the American Consulate in Italy, dated May 13, 1946, in which the quota number "120" had been issued to him for emigration from Italy to the United States.

He says the Polish authorities refused to discharge him there and brought him to Britain for

demobilization. As a result, he missed his quota sailing.

IT IS LEARNED that the Scottish Command of the British Army now has issued a new instruction, stating that recalcitrants, who hold visas for emigration to foreign countries, may be allowed to emigrate without join-

ing the Polish Resettlement Corps.

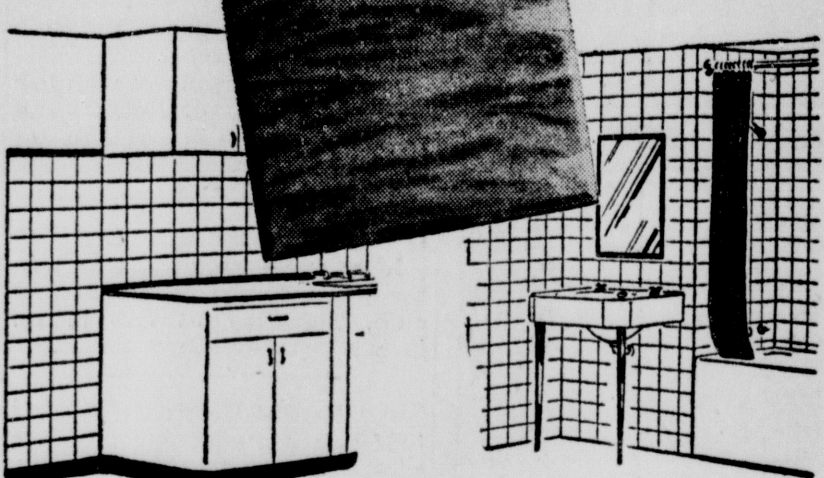

The Poles claim that no effort was made to interview men before they were dubbed "recalcitrants." They were simply given the option to sign on for the Resettlement Corps or be repatriated to Poland.

# DODGERS LEAD NATIONAL LOOP; CARDINALS LAST

Indians Lose To Athletics In Ninth; Reds Blanked By Warren Spahn

NEW YORK, April 30—If, as baseball's form sheets seem agreed, Brooklyn is the club the Cardinals will have to beat to pick up the option on the National League pennant, there can be no time like the present, or semi-present. Specifically, one week from tomorrow at Ebbets field when they are to open a three-game series with the Braves.

As matters stood today, the Dodgers were on top of the National League with a won-and-lost of 8 and 2, the Cardinals on the bottom with 2 and 8. The Dodgers won their sixth straight yesterday by taking a 10-6 decision over the Cubs.

THE CARDINALS lost their sixth straight at the same time, failing to emerge from their hitting slump against the Giants who won, 7-2, after blowing five in a row themselves. The world's champions got only seven hits against Mone Kennedy, who was good — but probably not quite the fellow the Cards made him appear.

In fact, a few more days like the last six or seven might send the Cards into that Brooklyn series late next week urgently needing two out of three games, to avoid being seriously distanced in the pennant race.

It is only two weeks under way, of course, but pennants have been won and lost in less time than that, as national league records will show. As for the American League, it has been pretty much the custom there for champions to take an early lead and stay there — as the Red Sox did last year.

THIS TIME, the Sox are away slowly. So much so that they started their swing through the West with another defeat, an 8-3 beating from the Tigers in which Tex Hughson failed to survive the Tiger attack.

This, with those surprising ninth-inning defeats in Philadelphia and a losing series in New York, had left the champions in a third-place tie with the Tigers before yesterday's game. The result not only left the Tigers in sole possession of the No. 3 slot, but dropped the Sox down to sixth behind Cleveland and Washington.

At that, they're more healthy looking right now than their 1946 World Series conquerors, the Cards.

The latter, as of today, are hitting a hardly credible .201 as a team — probably the lowest club batting mark posted at any time by anybody in 20 years or more. Only Enos Slaughter, at .364, and "Whitey" Kurowski, .314, are coming through. The next "high" among the regulars is Marion's .222, with National League champion Stan Musial all the way down at .135.

THE WEST in general did none too well in the first day's meeting with the East, dropping four of the six games played.

One of the four went to the remarkable Athletics, who pulled out another in the ninth for a 4-3 victory over the Indians. Don Black forced the winning run across by walking Ferris Fain with the bases filled in the ninth.

A seven-run eighth inning, featuring doubles by Ed Stanky and Dixie Walker and a homer by Carl Furillo, staked the Dodgers to their 10-6 victory over the Cubs for their sixth straight. Meanwhile, Warren Spahn was mowing down the Reds, 4-0, with

## Bowling Scores

## RUTH PLAYS GOLF

NEW YORK, April 30 — Babe Ruth had so far recovered today from the cold he apparently contracted at Sunday's testimonial to the great slugger of other days that he was planning a round of golf at some Long Island course. It was said he had suffered no ill effects from a leisurely 18 holes at Bayside yesterday.

a four-hitter that moved the Braves into the first division.

A pair of two-run homers by Hank Greenberg and Ralph Kiner in the third wound up the day by giving the Pirates what they needed for 6-2 verdict over the Phillies.

# Mumaw's Market One Of New Entries In League

Mumaw's Market is one of the new entries in the Night Softball league this season.

Sponsored by Charles Mumaw, who has been a business man in Circleville for several years, the team is managed by Donald Nance with Ralph Roby serving as coach.

The team roster includes several service veterans and all the players are well-known in sports circles. Signed for the team are:

**DOYLE CALVERT**, utility outfielder, who served with the Army. He was Ohio's best half-miler in 1942 and is the only left-hand hitter on the team. Willis Conley, ex-Navy man, regarded as one of the best hurdlers in the county. Jack Hennis, left field, former Circleville and Ashville high star and one of the fastest men in the league.

Richard Hudson, former merchant marine and basketball and track star at Ashville high school, who will pitch when Conley is resting. Richard Messick, centerfield, ex-Navy man and member of All-Ohio basketball team in 1945. Donald Nance has been softball star in this area for 13 years.

Lawrence "Handsome" Nance, ex-Marine, probably the smallest man in the league, will hold down second base in his fancy style and probably lead off. Paul Nance, ex-AAF crew chief and active in athletics in the CBI theater of war, will be the catcher. Barney "Bo" Roese, former Army man, is in shape for softball after four years with the Rangers. He will hold down right field and is expected to be one of the team's sluggers.

**JERRY TREGO**, Ashville high star, is ticketed for first base and is rated a coming slugger. Ralph Roby, coach, ex-Navy man, is probably the best infielder ever to represent the

## Obituary

### OBITUARY

Eliza Amanda Runyan was born Nov. 5, 1861 at Templeton, Benton County, Indiana, and departed this life April 16, 1947, at the age of 85 years, 5 months and 16 days. She was the daughter of the late David Penton and Henrietta Laid Sewell. Mrs. Runyan's early life was spent with her family in Indiana and in later years she came to Ohio to make her home. She was formerly a resident of Mt. Sterling, Ohio where she owned and operated a restaurant for many years. Retiring from this business she located in London, Ohio, remaining there for the past thirty years. She was known by her friends here as "Mattie" or Ma Runyan. At her home in London she found the life she chose to live—quiet and peaceful. She enjoyed raising flowers and vegetables and in the summer spent much of her time doing this. While Mrs. Runyan lived alone, yet she was thoughtful of her neighbors, and in sickness always kept the kitchen supplied with flowers from her garden and yard. She also often took tempting bits of her own baking to a sick neighbor. She took great pleasure in these little acts of kindness.  
In early life, Mrs. Runyan was reared with her family at Pleasant Grove, M. E. Church at London. Much of her time at home was spent in reading the Bible, this she did daily.  
Due to failing health, she recently came to make her home with her daughter, Mrs. C. D. Brown, near Circleville and here, all loving hands could do was done for her, but to no avail. God saw fit to call her home.  
She is survived by one son, W. K. Runyan of Columbus, Ohio, two daughters, Mrs. Brown of near Circleville and Mrs. Robert Welch of Oxford, Indiana, two sisters, Mrs. P. E. Jones and Mrs. M. E. Barr both of Lafayette, Indiana, one brother, O. F. Sewell, Independence, Mo., six grandchildren, two great grandchildren and many nephews and nieces.  
Blest Be The Tie  
"Blest be the Tie," how sweet the words  
That fall upon our ears.  
The tie that "binds our hearts in love,"  
In fellowship, in years.  
We meet before our Father's throne,  
Our sincere prayers we raise;  
"Our fears, our hopes, our aims are one."  
Yes, one through all our days.  
The sympathizing tear now flows  
When sorrow comes to one;  
And deep within our hearts we say  
"We will not mine, be done."  
And hence from earth we pass away  
And hearts are filled with pain.  
We still "may all be joined in heart  
And hope to meet again."  
Yes, meet in heaven, where angels dwell  
With no dissenting minds.  
There, we can sing as with one voice,  
"Blest be the tie that binds."  
Farewell dear mother—sweet be thy rest—  
Weary with years and worn with pain—  
Farewell—till in some happier place  
We shall behold thy face.  
"Tis ours to miss thee through coming years."  
And tender memories of thee keep  
Sweet by thy rest—for so it is  
He giveth His beloved—sleep.

The 15 Shriners' hospitals for crippled children will be saluted by a galaxy of Hollywood stars in a special broadcast over MBS Monday, at 10:30 p. m. to 11 (E.S.T.). The nimble wit of Bob Hope, top man on the Hooper list, will pace the variety show. Besides Hope the program will spotlight such stellar attractions as Dinah Shore, Dick Powell, June Allyson, the Sportsmen quartet, Charles Hathaway's orchestra, Don Wilson and Harold Russell, Academy award winner. Woven into the program will be

the story of the Shriners' Hospitals for Crippled Children which is currently celebrating its 25th anniversary. Guest speaker will be New York Supreme Court Justice George H. Rowe of Buffalo, N. Y., imperial potentate of the Shrine of North America.

"Dry Bones," one of the most popular songs ever presented by the famous Fred Waring glee club during their weekday broadcasts, will be recorded for this latest Waring platter will be a song called "Set Down, Servant."

"This Is Hollywood," last

week signed to a new contract, for the season starting next Fall by its current Saturday sponsor now is heard at the new time of 9 p. m., E.S.T.

Quipstar Bob Hawk, who now offers a \$250 jackpot question on his Monday night comedy quiz, hasn't forgotten the boys in uniform. During the month of May he will forward free cigarettes from the program's duffle bag to recuperating GIs in Veteran Hospitals in Wyoming, California, Arizona, Michigan, New York, Connecticut.

"That's How Much I Love You," a song that has been such a terrific hit on previous

"Grand Ole Opry" broadcasts will be sung and played by Eddy Arnold and his Tennessee Plowboys when they guestar on the "Opry" broadcast Saturday, at 9:30 p. m., E.S.T. The song, written by Arnold, Wally Fowler and J. Graydon Hill, has been recorded by some of the top performers of the day. Although Arnold is no newcomer to the "Opry" broadcast, this will be the first time he and his musicians have been featured in several years.

When Abbott and Costello, the Thursday night funsters, formally unveil their quarter-million

dollar Youth Foundation project on May 3 Attorney General Tom Clark will make the dedication address if his official duties permit.

# Chamber Of Commerce Endorses City School Bond Issue

## PLANS OUTLINED FOR 'WELCOMING' STREET LIGHTS

C of C To Make Efforts To Bring New Industries To Circleville

Circleville Chamber of Commerce members at a meeting held Tuesday night following a dinner in the Betz Restaurant voted full support of the school bond issue, to be voted on next Tuesday in the Circleville city school district.

It was decided that a street dance may be staged in connection with the community celebration now being arranged to mark the "turn on" of Circleville's new 37-unit boulevard lighting system in the downtown district.

John Magill, Chamber president, announced appointment of a committee to map plans for the street lighting celebration which will be on or about Memorial Day, May 30. The committee is composed of Mayor Ben H. Gordon, chairman; County Treasurer Robert G. Colville; City Safety Director Thurman I. Miller; and Charles T. Gilmore, Circleville district manager of the Columbus and Southern Ohio Electric company.

Music for the celebration will be provided by at least two high school bands.

VADEN COUCH discussed the proposed school bond issue and stressed the importance of its endorsement by the voters May 6, and A. W. Bosworth, a new member of the Chamber of Commerce, emphasized the need for a high school trade school with adequate equipment and facilities in view of the fact most children who are graduated from Circleville high school never go on to college. He said a properly equipped trade school will develop coordination of eyes and hands and will decrease juvenile delinquency.

During a discussion of Circleville's industrial outlook it was stated that an immediate attempt will be made to bring new industries to Circleville. Mack Parrett was authorized to take World War II veterans to take options on south end lots obtained by the Chamber of Commerce for future community development.

FRANK SUSA was named to fill the vacancy caused by the resignation of George Fishpaw as chairman of the retail merchants' division. Mr. SUSA and Boyd Stout were appointed to serve the unexpired terms of Irvin Reid and Paul Hang as members of the board of directors.

The next regular meeting will be held May 27 with R. Douglas Pinkerton, secretary-manager of the Chillicothe Chamber of Commerce, as the guest speaker.

## CHURCH GIVES \$10 INSTEAD OF TAKING MONEY

URICHSVILLE, O., April 30—The Urichsville Moravian church had \$1,000 invested today in a belief that its congregation could demonstrate the truth of the parable of the talents.

When the collection plates were passed as usual in the church Sunday, each member was told to take a ten-dollar bill from the plate. A total of \$1,000 was disbursed.

The surprised church-goers got their explanation then from the Rev. J. Morman, who quoted from Matthew 25: 14-30 and preached on the parable of the talents, wherein each sum given

out was returned two-fold. The church is seeking \$5,000 for improvement of its property. The minister announced that the "in-gathering" would be Oct. 26 when the members of the congregation will report on their success in doubling the ten dollars given them Sunday.

## 20 Known Dead In Tornadoes

### MISSOURI, IOWA, ARKANSAS HIT BY 'TWISTERS'

At Least 13 Killed When Storm Levels Worth, Mo.; Death Toll May Rise

By International News Service  
Twenty persons were known dead today and more than 50 were hospitalized for injuries in the wake of tornadoes which ripped through widely-separated communities in Missouri, Arkansas and Iowa.

The towns of Worth, Mo., and Bright Water, Ark., were virtually demolished by the twisters, the first of which struck the northwestern Missouri community yesterday afternoon.

At least 13 persons were killed at Worth, and rescue workers began a new search of the wreckage today in the belief that other bodies might be found. Forty persons were given hospital treatment for injuries suffered in the Worth storm. The Missouri highway patrol estimated that 60 others received minor injuries.

FROM WORTH the tornado jumped into southern Iowa, causing property damage in the small communities of Linville and Clio. No one was reported injured in the two villages.

Seven persons lost their lives in the Arkansas tornado which struck the northwest corner of the state near Rogers last night.

Four of the seven were killed when farm houses were leveled near Garfield and the other three dead were reported at Bright Water, a village of about 50 population. Fire chief William Keltner of Rogers said that Bright Water was "blown away." He estimated that between 12 and 15 persons were injured by the storm.

### GOVERNMENT OF PARAGUAY MAY FALL TO REBELS

BUENOS AIRES, April 30 — Refugees from Asuncion fleeing across the border into Argentina said today that the government of President Higinio Morinigo is tottering under the four-day-old insurrection inside the Paraguayan capital. Dispatches to Buenos Aires reported that more than 2,000 civilians have joined rebel troops in Asuncion, where revolutionists are said to control most of the city.

### ONE MAN'S OPINION

By Walter Klerman

Moscow reports that a meteorite fell on Siberia on Feb. 12. The Soviet expects almost anything from the capitalist system but this overt act by the celestial system was unexpected.

News of the meteor was delayed while it was carefully examined — there were no fingerprints on it.

However the planets will be warned against launching unauthorized flights over the territory.

Here we are watching prices tumble. Chloride of lime already is down \$5 a ton and if the public responds it may drop lower.

Only income taxes will stay up. The treasury has so many attractive offers to lend money that it stolidly resists the impulse to save ours.

## School Bill Slashed In Busy Assembly Session

COLUMBUS, April 30 — Budget, oleomargarine and school financing today featured the sudden spurt of activity that marked the Ohio legislature's biggest day of the year.

Here are the major developments:  
1. The senate passed unanimously and sent to the house a proposal to submit to Ohio voters in November a maximum \$400 bonus to the state's 781,396 World War II veterans.

2. The house education committee slashed the senate-approved Daniels-Cramer school bill from about \$90 to about \$83 millions a year, eliminating a minimum \$2,000 salary for school teachers, and recommended it for passage as amended.

3. The senate scheduled for a vote today a bill to permit the

### ARABS HANDED SETBACK IN UN PALESTINE TALK

FLUSHING MEADOWS, N. Y., April 30 — The Arab drive to compel the United Nations assembly to consider creating an independent Palestine at the current special session suffered a severe setback today.

Six nations announced they oppose the move, preferring instead to confine the meeting to appointment of a fact-finding commission as requested by the British and sponsored by the United States.

Soviet Russia threw its weight to the Arabs last night for an open debate on the Holy Land issue although the Soviets did not insist on reaching a solution.

The Czech delegate, Jan Papenek, went one step further than the Russian by qualifying his opposition by suggesting that the Arabs amend their proposal to a form calling only for general debate.

The Arab league states rushed into a hasty huddle after the general committee adjourned until 3 p. m. and consulted among themselves on the possibility of staving off certain defeat.

Those at present aligned publicly against the Arab proposal are the United States, Britain, Canada, Ecuador, Sweden and Czechoslovakia. Poland has decided to abstain.

WAGES BOOSTED

## April Ends With Rain As It Began

Ushered in amid showers April is scheduled to end in rainfall Wednesday night.

April has lived up to its moist record. Rain has fallen in the Circleville area on all except a very few days during this month. The above-normal precipitation during the past 30 days has delayed the planting of farm crops considerably.

The weatherman's official forecast was for occasional showers and thundershowers extending into Thursday morning, although clearing skies and continued mild temperatures were predicted for Thursday generally.

Just about the only improvement in the April weather, the forecasters said, has been higher temperatures during the last several days.

## RUSSIA WARNED BY PRESIDENT

World Peace Depends On Friendship, Truman Says In Toast To Aleman

WASHINGTON, April 30 — President Truman today told Soviet Russia in unequivocal terms that world peace depends upon friendship and mutual trust among nations.

The American chief executive voiced his sentiments on the present tense state of international nerves during a state dinner at the White House honoring President Miguel Aleman, the visiting Mexican chief of state.

It was Mr. Truman's first official allusion to the abortive four-power Moscow peace conference on which Secretary of State George Marshall reported to the American people in gloomy terms Monday evening.

President Truman cited the friendly relations between the United States, Mexico, Canada, and the other American republics as an example of how nations can live together peacefully.

THE PRESIDENTIAL pronouncement came in the course of an exchange of toasts with the Mexican president. Mr. Truman declared: "We are now living in an age (Continued on Page Two)

### DR. ECKENER SILENCED ON WAY TO AKRON JOB

WESTOVER FIELD, Mass., April 30 — Dr. Hugo Eckener, German dirigible expert, leaves Westover field today by airplane for Akron, O.

He is under orders of the Navy department, which brought him to the United States, to make no statements.

Dr. Eckener was brought to this country from Frankfurt, Germany, to direct aeronautical experiments. He was escorted by naval officers who enforced the ban on interviews.

DURANT SENTENCED  
FRANKFURT, April 30 — Col. Jack W. Durant of the United States Army was sentenced to 15 years at hard labor today for the theft of a million and a half dollars worth of crown jewels from the former German princely house of Hesse.

## NFTW BLASTS PACTS SIGNED IN NEW YORK

Pennsylvania Workers Also Agree To New Scale; No National Break Seen

WASHINGTON, April 30 — Leaders of the National Federation of Telephone Workers today branded the wage agreements reached by independent unions in New York and Pennsylvania as a "sell-out."

They declared that 39 striking NFTW affiliates will continue to demand a wage boost of \$6 weekly.

The agreement reached between the New York Bell Telephone company, and four independent unions representing 37,000 workers in the metropolitan area provided for an increase of \$4 a week across the board.

The Pennsylvania settlement called for increases of \$3 to \$4 for 6,000 maintenance employees. Frank J. Fitzsimmons, head of NFTW's Western Electric affiliate, promptly declared that the two agreements represented "a sell-out of other telephone workers." He added:

"There will be no settlement under \$6 as far as we are concerned. I doubt very much whether any NFTW affiliates will take the New York-Pennsylvania pattern."

"Telephone workers can't live on \$3 to \$4 increases when the rest of the country is getting \$6. Both Fitzsimmons and Henry Mayer, attorney for NFTW affiliates, predicted that the rank and file telephone workers in New York would revolt against their leaders and reject the agreements."

EARLIER, the news of the New York-Pennsylvania agreements encouraged federal conciliators to believe that a "break" would come immediately in the 24-day-old walk-out in (Continued on Page Two)

PLAN WORK STOPPAGE  
MANSFIELD, O., April 30 — Local unions of both the CIO and the AFL were asked today to ratify plans for a three-hour work stoppage next Wednesday in Richland, Ashland and Crawford counties to protest what union leaders termed "anti-labor legislation."

HOOVER DAM NOW  
WASHINGTON, April 30 — President Truman today signed the bill restoring the name Hoover dam to the mammoth Nevada reservoir known for more than a decade as Boulder dam.

TOLEDO, O., April 30 — A game of cops and robbers among three Toledo juvenile court wards ended tragically today with the death of Joe Louis Wilkins, 11.

He was fatally wounded by a blast from a shotgun, accidentally fired by a playmate, identified by Lucas county sheriff's deputies as O'Dell Wiley, 9.

Coroner Paul Hohly said Joe died of a wound in the back of his head. The two boys were playing with a third ward, Anderson Toler, 12, in a farmyard near Sharp school. Anderson, deputies said, escaped injury when he fell to the ground as O'Dell shouted, "halt."

The gun, obtained, according to deputies, from the home of Mr. and Mrs. Paul Williams, was accidentally discharged.

Juvenile court officers said that the dead boy's mother lived in Toledo but the other two were orphans.

## Draft Board Moves Out; Relief Office To Move In

Affairs of the Pickaway County Selective Service board were being wound up, Wednesday, and the board Thursday will vacate its quarters in Suite 7 in the courthouse in Circleville.

All official records of the board have been shipped to the Office of Selective Service at 40 South Third street in Columbus, and the office furniture and equipment will be removed Thursday by the Ohio National Guard, Columbus.

The suite of offices will soon be occupied by the county relief setup headed by Miss Pauline Rose as director by authority of the board of county commissioners. The relief office will be moved from its West High street location.

The draft board actually ceased to function at midnight March 31 but the office has been operated since that time in order to

## HOUSE SLASHES FOREIGN RELIEF

Economy-Minded Republicans Override Truman Plans To Aid Devastated Nations

WASHINGTON, April 30 — The economy minded Republican house today over-rode recommendations of President Truman and slashed relief funds for six war devastated nations from 350 million dollars to 200 millions.

A bi-partisan group from the house foreign affairs committee led the "revolt" which resulted in sending to the senate a sharply revised bill which, in addition to cutting the funds, contained a slap at Soviet Russia.

The house action was the first break in the solidarity of the Republican - Democratic "agreement" on foreign policy.

The vote was 333 to 66.

HOUSE ACTION was taken over the protests of Rep. Eaton (R) N. J., foreign committee chairman and a firm supporter of bi-partisan support in foreign affairs. Eaton, the bill's sponsor, pleaded unavailingly with the house not to go counter to the bi-partisan foreign policy which has been in effect since before the war.

The cut in the fund was sponsored by Rep. Jonkman (R) Mich., a foreign affairs committee member.

The slap at Russia, which came under constant attack during the lengthy debate on the measure was contained in an amendment by Rep. Colmer (D) Miss., and Mundt (R) S. D. Colmer told the house he (Continued on Page Two)

### JUSTICE EVELAND'S CAR STOLEN AND RECOVERED

Auto belonging to Justice of the Peace Harold O. Eveland was stolen Tuesday night from the parking lot at the rear of the Fraternal Order of Eagles on East Main street while Justice Eveland was attending a meeting of the lodge.

At 7 a. m. Wednesday the car was recovered from a parking place on McCray avenue. The right rear fender was smashed. Justice Eveland said the speedometer indicated the car had been driven 40 miles by the thieves.

### GALENA HAS FIRE

GALENA, O., April 30 — Fire destroyed a large frame Galena business building early today. The Galena post office, a bakery shop and four apartments were wiped out by the blaze which caused an estimated 20 to 30 thousand dollars' damage.

## BETTY, BENNY 'DEATH DANCE' DUE THURSDAY

Rain Will Not Stop Free Show By Famed Aerialists Atop High Pole

Final preparations were being completed Wednesday for staging the most thrilling aerial show every presented in Circleville.

Betty and Benny Fox were putting last-minute touches on their dance routines, checking on the high pole above Murphy's building atop which they will present three shows Thursday; plans were being made to reroute traffic through the business section and thousands of Circleville and Pickaway county residents were making plans to be in the audience Thursday.

ALL TRAFFIC and parking will be stopped on Court street after 9:30 a. m. Thursday from the American hotel alley south to Franklin street and on Main street from the alley at Kochheiser's hardware store east to the alley at the Fitzpatrick print shop.

Three performances of the spectacular show, sponsored by The Circleville Herald, will be presented. First will be at 10 a. m., the second at 4 p. m. and the final show at 8 p. m.

Benny announced Wednesday the final program will be dedicated to Pickaway county servicemen who gave their lives in World War II. Special patriotic numbers will be presented by the aerialists at this performance. Floodlights will illuminate the pole at the night show.

THE FAMED pair will send shivers up and down the spines of spectators here as they have in hundreds of previous shows. They will present dance numbers of all types on the 18-inch platform atop the 125-foot pole above the Murphy store at Main and Court streets. Their repertoire includes juggling, acrobatic dancing, acrobatic dancing and many other (Continued on Page Two)

## NEW EVIDENCE AGAINST MAY HEARD IN COURT

WASHINGTON, April 30 — A Kentucky lumberman testified today that a lumber company run by Ex-Congressman May (D) Ky., could never have delivered wood listed on invoices as going to the Garsson munitions combine.

A. C. Brown, Whitesburg, Ky., told the May-Garsson conspiracy trial jury that there was no southern yellow pine, which the invoices call for, on the company's timberland.

Brown so testified when the invoices were shown to him by defense attorney Warren Magee during cross-examination. The Kentuckian was associated with May in the lumber business for a time and eventually bought the company for \$40,000.

## SENATORS TRY TO 'SOFTEN UP' LABOR MEASURE

WASHINGTON, April 30 — A senate coalition today launched a drive to scrap toughening labor bill amendments to leave a "bargaining area" for toning down the strongly-worded house bill in conference.

At the same time, Sen. Robert A. Taft (R) Ohio, showed signs of softening toward such a move. Taft said he would be willing to modify the amendment which would permit employers to obtain injunctions against secondary boycotts and jurisdictional strikes.

A compromise was being proposed that would let district attorneys get such injunctions in behalf of employers to save the delay of awaiting action in Washington.

## 69th Anniversary Of Grand-Girard Drug Store To Be Marked Thursday

George Grand-Girard

Sixty-ninth birthday anniversary of the drug store of George F. Grand-Girard will be marked when the doors of the apothecary shop open Thursday morning.

During the entire 69 years the drug store has been located at the same place at 115 West Main street.

Mr. Grand-Girard is 84 years old. In addition to being one of the oldest druggists in the nation he operates what is believed the apothecary shop which has remained longer at the same address than any other in the United States.

He is Circleville's oldest business man. Not one man is conducting a business in Circleville now who was operating a business on May 1, 1878 when Mr. Grand-Girard first opened the West Main street drug store.

FROM THE horse-and-buggy days, through the bicycle era and the coming of the automo-

bile, radio, airplane and the atomic bomb, throughout the entire 69 years of his drug store operation Mr. Grand-Girard has clung steadfastly to one major slogan. It is: "I am in business for your health."

Looking forward to the arrival of May 1, 1948 Mr. Grand-Girard confided that for several years he has been planning a "really big" celebration in observance of the 70th anniversary of the founding of his drug store at this time next year.

For many years Mr. Grand-Girard has been active in the Presbyterian church. He, George Hunsicker and E. S. Neuding worked diligently with the young people of the community.

# BETTY, BENNY 'DEATH DANCE' DUE THURSDAY

(Continued from Page One)

Their famous "Dance of Death" in which they perform blindfolded climaxes the show. Betty and Benny looked at Wednesday's rainy skies and repeated their promise that their show will go on even if it is raining Thursday. They never miss a performance despite rain, snow, wind or cold weather.

New routines have been worked out by Betty and Benny and they promise their performances here will be different from those presented at Chillicothe a few weeks ago.

# PUBLICATION OF LETTERS BRINGS STIR ON COAST

SANTA ANA, CAL., April 30 — California's attorney general Fred N. Howser foresaw a possible rift between Louise Overell and George (Bud) Gollum as he pressed an investigation today into the unauthorized publication of love letters exchanged by the couple in the Orange county jail.

Howser expressed "bewilderment" at the publication by the Los Angeles Examiner of letters written by the pair who are being held for trial May 26 on charges of murdering Miss Overell's parents aboard their yacht.

Howser disclosed existence of further unpublished correspondence between the couple, adding: "I hoped these unpublished letters have not fallen into the hands of anyone. They contain what I believe may amount to serious admissions, although not confessions, on the parts of the defendants."

# ASSOCIATION TAKES DAY OFF AS TEAMS TRAVEL

By International News Service

The western clubs of the American Association prepared today to open their invasion of the eastern half of the loop.

All but two of the teams were resting after playing through the opposition in their respective ends of the loop. Louisville was scheduled to meet Indianapolis tonight in the Hoosier capital.

Yesterday's lone game saw St. Paul stretch its advantage over Minneapolis in their intercity rivalry with a 6-to-4 victory. The Millers were held to four hits by Phil Haugstad and Curt Davis but two of them were homers, each coming with one man aboard.

**MILK PRICE DROPS**

CLEVELAND, April 30—Milk prices in the greater Cleveland area go down one-cent a quart tomorrow and as much as four cents a unit on dairy products. The reduction, second since Jan. 1, was made possible, according to market administrator Howard G. Elsaman, through lower prices distributors are paying farmers for milk under new federal orders. Prices now will run 17 cents a quart for home-delivered milk and 16 cents a quart for store-bought milk, lowest since lifting of price controls last year.

**SENTENCE DUE THURSDAY**

Imposition of sentence on Harvey B. Julian, 26, convicted of second-degree murder in the slaying of his ex-wife, Pearl Eileen, 20, last Jan. 21, is scheduled to take place Thursday in Pickaway county common pleas court. The common pleas judges who found Julian guilty April 1 and who will decide the penalty are: Judge William D. Radcliff of Pickaway county, Judge Howard Goldsberry of Ross county, and Judge George W. McDowell of Highland county.

**AUTOS BUMP**

Two cars were damaged in a crash at 9:20 p. m. Tuesday on North Court street, just north of Water street, but no one was injured. A police report said that when Lawrence W. Curl, Jr., 21, Route 3, Circleville, driving north, slowed suddenly to avoid hitting a car ahead, his machine was struck in the rear by a north-bound auto operated by Wendell C. Turner, 36, of 143 Pleasant street.

**SPEEDER FINED**

Robert L. Borges, arrested on a speeding charge Tuesday night on U. S. Route 23, was fined \$10 and costs in the court of Mayor Ben H. Gordon. The arrest was made by State Highway Patrolman R. A. Brinkles who said Borges drove 65 miles an hour.

**STEEL RECORD SEEN**

NEW YORK, April 30 — Iron Age said today that the ground-work was laid this week for a steel output performance that may rival the all-time production record established in 1944.

# School Bill Slashed In Busy Assembly Session

(Continued from Page One)

The bill would provide \$3 millions for 1948 and 41½ millions for the last half of 1947. Thirty millions already has been earmarked for the first six months of this year in the partial appropriations bill, making a total of 154½ millions. The budget carries 154 millions.

That wasn't the only problem

# ASHVILLE MAN IS CHARGED IN TRAFFIC DEATH

Accused of second degree manslaughter in a traffic death, Clinton Everett, 63, Asheville, Wednesday was in the Franklin county jail at Columbus, in default of \$1,500 bond.

The charge resulted from the death of Mrs. Grace Tucker, 51, of Reese Station, who was killed Saturday night when she and Mrs. Katherine Hahnert, were struck by Everett's car as they walked on a roadway near Reese Station. Deputy Sheriff Elmer Grossman said the two women were walking toward the automobile. Mrs. Hahnert was removed to St. Francis hospital. Everett, a Norfolk and Western Railway section hand, was arraigned Monday night before Justice of the Peace Guy Burrell on an affidavit prepared by Assistant Prosecutor William S. Bryant and signed by Carroll Finn, a nephew of Mrs. Tucker.

Deputy Grossman declared Everett figured in another traffic mishap 10 minutes before the two women were hit. In the first accident Stuart Root, 14, Columbus, told deputies his motor bike was struck by Everett's auto on the Groveport pike at Obetz, but Root was uninjured.

# GAMBLING TO BE BANNED AT ALL COUNTY FAIRS

COLUMBUS, O., April 30—The state board of agriculture refused today a request of the Ohio state grange to appropriate \$3,500 to help meet expenses of entertaining the national grange at its annual convention in Columbus No. 12-21.

The board, at its meeting yesterday, said that it did not have the prerogative to assist the grange because it was a private, not a public enterprise.

The board also gave notice that it would enforce the state gambling laws in the state and county fairs. Direct Frank N. Farnsworth said that the enforcement would come through the foods and dairies inspectors, who would either withhold or revoke licenses of concessionaires where games of chance were involved.

The director added that the prohibition included bingo.

facing the finance committee. It still must act on a proposal to pay a state subsidy of \$2.50 a day for each tubercular patient, which may cost around three million dollars a year. The committee failed to reach agreement on the subject last night.

**BIGGEST CUTS** last night lopped 234 million dollars from five of the six state-supported universities, with only Wilberforce untouched. Ohio State, of course suffered the biggest loss — \$1,300,000 pared from its salary budget and \$494,270 from maintenance.

All five universities had their personal service budgets slashed by the amount that student fees increased last year, and there was a straight ten per cent cut across the board on all maintenance items.

A two-million dollar item for school rehabilitation also was eliminated, but is expected to show up later in another bill exclusively for capital improvements.

**THE EMERGENCY** board was cut \$200,000 in liquor department funds, and new auto for the five universities, earmarked at \$67,400, also were deleted — but may show up in the additions and betterments bill.

An \$84,000 increase for agricultural extension work at Ohio State university was provided by a 10-8 vote, but a proposed quarter-million dollar increase for the Ohio agricultural experiment station at Wooster was voted down by voice vote.

A sum up to \$25,000 a year to increase prisoner pay at state prisons was made available from the welfare department's manufacturing and sales division; \$8,500 was added to the traveling fund for mine and boiler inspectors when Rep. L. P. Mooney (R-Hocking) complained they were idle the last six weeks of last year because travel funds were exhausted; \$13,000 was provided the division of plant industry for the eradication of common barberry, and \$1,000 was provided for the state records commission.

of friendship and unity in the western hemisphere.

Turning to the secretary of state, the President continued: "General, if we could just get friendship and unity in the eastern hemisphere, we would have no more trouble."

"You have tried your best. So have we all."

"But I think we can set an example for the other side of the world because our neighbors to the north and to the south are not afraid of us."

"They are friendly with us."

"They believe that we are honest in our endeavor to be friendly with them."

"That is proved by the visit of my friend here from Mexico City."

Mr. Truman made no direct mention of Soviet Russia. There was no doubt, however, among his auditors that he was speaking of and to Russia.

**THE GLITTERING** state dinner assembled the chief justice of the United States, the President's cabinet, the president pro tem of the senate, speaker of the house, heads of the armed services and other top-bracket Washington dignitaries to honor Aleman.

The dinner climaxed the first day of the Mexican president's three-day visit in the nation's capital in which he received a welcome seldom equalled in the city's history.

Nearly three quarters of a million persons turned out to shout greetings to the distinguished visitor from south of the border as he drove with President Truman from the national airport through the city to the White House yesterday afternoon.

**VISIBLY** affected by the warmth of his welcome, the 43-year-old chief executive told Mr. Truman in his dinner toast last night:

"Let me assure you again that this is a time that we shall never forget."

"When the history of these times will be written, somebody will write that the greatest statesman from the United States came to Mexico with a clear vision of American solidarity, or a clear view of what the good neighbor policy should be."

"He went to Mexico and he brought back to the United States the hearts of the Mexicans."

# STASSEN TALKS ABOUT POLICY TO GOP HEADS

WASHINGTON, April 30 — Harold E. Stassen, guarding a transcript of his Moscow conference with Premier Stalin, called on Republican congressional leaders today in a careful program of consultation before speaking out on the ticklish foreign policy situation.

The former Minnesota governor, an avowed presidential candidate, began his series of party contacts in a two-hour session with Sen. Vandenberg (R) Mich., senate foreign relations chairman and GOP foreign policy leader. He returned from Europe Sunday.

Stassen, replying to a question suggesting that his consultation in the interest of bi-partisan foreign policy was a contrast with that of Henry A. Wallace, made it clear that his present course was his own—and not new. He said:

"The policy I am following is the policy I followed more than two years ago and is not in contrast with anyone else's policy."

# DULLES CHARGES RUSSIANS RELY ON PENETRATION

NEW YORK, April 30—Soviet Russia today was charged with "relying heavily" on penetration into political parties and labor organizations of Germany and Europe to accomplish its ends.

John Foster Dulles, Republican advisor to U. S. Secretary of State Marshall at the Moscow four power conference made the charge in a radio address last night.

He said Russia was depending only to a small extent on diplomatic negotiations bringing about the kind of Europe the Soviets want.

Dulles said that it was time for the United States to meet the Soviet challenge and added:

"It is up to us to show, in every available way that free institutions are the means whereby men can save themselves from the sea of misery in which they find themselves."

(Continued from Page One)

NFTW President Joseph A. Beirne instructed his members to stand firm for higher wage increases, however. Beirne hailed the other Bell offers only as a "starting point for negotiations" and said "they are encouraging."

Beirne said the Wisconsin and Northwestern Bell companies had made wage offers to NFTW unions but they were rejected as being below the national pattern. He said "a membership revolt" is brewing in New York because the rank and file is dissatisfied with the agreement made by the officers of the independent unions.

# ALEMAN WARNS RUSSIA AMERICAS STAND UNITED

WASHINGTON, April 30 — President Aleman of Mexico declared today that "any aggression, wherever launched, imperils the peace of the Americas."

The Mexican chief executive, President Truman's guest for a three-day stay in the nation's capital, served notice on Communist Russia that the Americas "do not wish to have our peace at the mercy of aggressors."

Aleman, without mentioning Russia specifically, made it plain in an address before the Pan-American union governing board that the Americas stand firmly together for peace.

wanted to be sure that none of the relief "aided Communism."

The amendment would bar relief to Poland and Hungary, if the President decided they were "dominated" by the Soviet government unless administered by American authorities.

The decisive votes were on the Jonkmann and Colmer-Mundt amendments. When they were approved, many opponents joined in voting for the bill on final passage in hopes the senate would reverse the action taken by the house.

Preceding the final vote, the house voted 225 to 165 against restoring the \$150 million cut.

## RESERVATION ON PLANE EASIER TO OBTAIN NOW

Air Travelers Pleased With New System Which Makes Berths More Sure

WASHINGTON — Jet propulsion and rocket power may get the headlines, but the big aviation news for the average air traveler is far less spectacular; the plane reservation problem has been solved.

Thanks to a new visual control system, the delays and errors which formerly plagued the airlines and their customers are being eliminated. The days when it took as long to make and confirm a reservation as it did to fly the destination are gone forever, say airline officials, happily.

Basis of the new Aero-graph system is a compact display board with a translucent plastic face. One board is installed at each location where tickets are sold, and black symbols and plastic inserts of various colors are posted, or removed, to show changing reservation information.

When space is sold for a cer-

tain flight, the information is posted on the board at the selling office, and the details are immediately sent to all other ticket offices over the existing communications system. Boards at all offices thus show current space status almost instantly.

Units now being installed for United Airlines in its San Francisco offices will be manually operated, but the boards can be operated automatically from the present communications system.

The Aero-graph boards will show space available on all flights to any destination for as far ahead as 31 days, airline officials say, so that reservation clerks can immediately suggest substitute flights if a desired flight is sold out.

Over-selling of space on individual flights, and subsequent "bumping" and other annoyances of the past, are impossible under the new control system, it is claimed.

Additional Aero-graph units which are expected to improve airline efficiency include a trip identification sign designed to prevent congestion and confusion in terminals, and other devices

which will furnish passenger information quickly to airline personnel.

On all units, fluorescent lighting behind the board, plus color combinations chosen for sharp contrast, give good readability from a wide angle without glare.

Thirty trip identification boards are being installed for Pennsylvania-Central airlines at eighteen terminals, and an arrival and departure board is being placed in operation for American Airlines at New York's LaGuardia Field. Other units will be installed as production volume permits.

# ANNIVERSARY OF GRAND-GIRARD STORE MARKED

Venerable Druggist Has Been  
In Business In Same  
Spot Since 1878

(Continued from Page One)  
of Mr. Grand-Girard plans for a celebration in observance of the 69th birthday of his drug store have been abandoned.  
Although Mr. Grand-Girard's illness has prevented the holding of a community celebration in tribute to him it is probable that he will be the recipient, Thursday, of many floral tributes.

THOUSANDS OF Circleville adults recall the alacrity with which Mr. Grand-Girard gratuitously handed them sticks of chewing gum when they were children.

Year after year he handed chewing gum to boys and girls both young and old. Wartime gum shortages, however, a few years ago compelled abandonment of that old-time gift custom.

Circleville's venerable druggist was born June 9, 1862 at Red Oak in Brown county, the son of the Rev. and Mrs. Emile Grand-Girard. His grandfather was a member of Napoleon Bonaparte's Imperial Guard.

MR. GRAND-GIRARD, ill in recent weeks and unable to spend much time in the drug store, lives at 115 North Washington street. A daughter, Mrs. Walter R. Pope, resides at 68 Brooklyn avenue, Youngstown, and a son, Stanley Grand-Girard lives at 1401 Highland road, Sharon, Pa.

Mrs. Carrie Dresbach Grand-Girard, wife of Mr. Grand-Girard, died in September, 1906, more than 40 years ago. A son born to them on Feb. 14, 1886 died at the age of nine months. For many years the late Charles E. Diehlman, Sr., was

a clerk in the Grand-Girard Drug store, and during the last several years his son, Charles E. Diehlman, Jr., has held that post.

IT WAS just nine years ago, on May 3, 1938, that Circleville fellow-citizens tendered a testimonial celebration and banquet at the Presbyterian church in honor of Mr. Grand-Girard on the occasion of the 60th birthday of his drug store. One of the principal speakers was Fred C. Clark.

On that occasion Mr. Clark, pointing out that Mr. Grand-Girard "has been playing with that mortar bowl, making medicines and friends, down there on Main street, since 1878" declared he "estimates that he has given away more than a quarter of a million sticks of chewing gum."

Paying tribute now on the 69th anniversary of the Grand-Girard Drug store, Mr. Clark said "Just try to imagine the time Mr. Grand-Girard has spent in that drug store, try to imagine all the powder and pills, all the herbs and tonics, all the candy and chewing gum, all the sodas and sundaes, all the smiles and friendly words. Conducting a business 69 years successfully at the same location is an accomplishment which is indeed rare. Mr. Grand-Girard is respected by his fellow-citizens of Circleville."

One of the things that play a part in Fireball snap is Buick's wafer-thin steel cylinder gasket. Just 15 thousandths of an inch thick, it's a "must" for the high compression this powerful straight-eight is designed for. Other kinds that are thicker cut down the compression and the car's liveliness.

In carbon and valve jobs, or any other where this gasket must be replaced, only this Buick gasket will assure the fit Buick engineers intended. No wise Buick owner would have any other in his engine.

Just another example of how you get more for your money—in major adjustments, tune-ups, lubrication or anything your car needs—when you make sure it gets Buick car care.

## Annual Girl Scout Court Of Awards Held

Badges Presented In Program At St. Philip's

Girl Scout Court of Awards of Circleville and Pickaway county Girl Scout association was held Tuesday evening in the parish house of St. Philip's church, before a capacity crowd of parents, friends and Scouts.

This is a ceremony that has a great deal of significance in the intermediate program of Scouting, for at this time the individual girls receive their awards for the work they do, either together in their troops or as individuals. First and second class rank badges are usually achieved through and with other troop members, while the proficiency badges belong in the latter category.

Following the grand entry of all the Scouts, the flag ceremony was held with four members of Troop 2, acting as color guards. They were Ruth Grubb, Jacqueline Smith, Marlene Steele, and Jacqueline Turner.

In HER welcoming address Mrs. Tom Renick, deputy commissioner said, "that it has been said that the 35th year of Girl Scouting might well be a monument of achievement to a long history of Girl Scouting in the world of today, and that this court of awards might also be a monument of achievement and progress for the Scouts in Pickaway county. It is important to remember that much work, patience and effort on part of everyone interested in and associated with Girl Scouting went into these little badges."

In presenting the rank badges, Mrs. John Eshelman explained that rank badges are intended to broaden the outlook, for the girl must pass tests in 10 fields of activity. Two girls, Nancy Watt, troop 1, and Ellen Hudson, troop 6, of Ashville were awarded their first class badges. Second class awards went to Nancy Boggs, Ann Thomerson, Mabel Franks, Ester Hedges, Carol Hines, Jane Eversole, Virginia Grove, Shirley Hoover, Ellen Essick, Marjorie Kaufman, Donna Wellington, Judy Smart, Phyllis Clifton, Lissa and Lannie Given, Carol Goodchild, Juanita Hill, Dorothy Thompson, Willa Jean Tomlinson and Jane Watt.

PROFICIENCY badges for each troop were presented by troop leaders, introduced by Mrs. Eshelman. Intermediates include troops 1, 2, 3, 6, 9 and 11. Miss Doris Schreiner is leader of troop 1, and is assisted by Miss Ann Curtin.

Proficiency badges were presented for troop 1, Hostess; Nancy Bower, Sue Brown, Norma Howard, Patsy Johnson, Peggy Andrews, Carol Leist, Mary Carolyn Weller, Patricia Valentine, and Nancy Watt.

## Canteen Parents Committee Meets

Chairman of activities committee of the Pickaway County Youth Canteen Parents' Association held a business meeting in the canteen rooms over the First National bank, Tuesday evening.

Solicitors were assigned territories and further plans were made to start the drive for articles to be used at the benefit sale on May 13. Several suggestions were submitted for a more conclusive and productive campaign. May 3 and May 10 were set as definite dates for picking up articles in Circleville and Pickaway county.

Work has been started on redecorating the canteen. Officers hope to derive enough funds from the sale to complete their plans and maintain rooms for youth in the community. They request any persons not contacted by solicitors to call Youth Canteen, number 1340, and arrangements will be made to pick up any articles to be contributed.

# 80,000 POLES THINK BRITISH TRICKED THEM

Many Taken To England Will  
Go Back To Italy While  
Others Go To U. S.

LONDON. — Many of the 80,000 Poles now penned in "recalcitrant" camps throughout Britain believe they were tricked into coming to Britain by false promises.

Reports from one of the camps in Northern Scotland claim the men who fought at Mone Casino did not want to leave Italy, and only agreed to travel to Britain because they were told they would get their discharge and demobilization pay here.

Between two thousand and

three thousand of these Poles are married to Italian women and are anxious to be discharged to rejoin their wives in Italy.

Some of them have arranged to emigrate from Italy to the United States and other countries.

ONE OF the men Corporal Antoni Biezzard, produced a certificate issued by the Second Polish Corps Headquarters in Italy, dated April 15th, 1946. It stated:

"This is to certify that the above, named will be released from active military service with the Polish armed forces in Italy as soon as he is able to produce a valid U. S. A. entry visa, and a proof that his passage to U. S. A. is secured."

The corporal also produced an envelope from the American Consulate in Italy, dated May 13, 1946, in which the quota number "120" had been issued to him for emigration from Italy to the United States.

He says the Polish authorities refused to discharge him there and brought him to Britain for

demobilization. As a result, he missed his quota sailing.

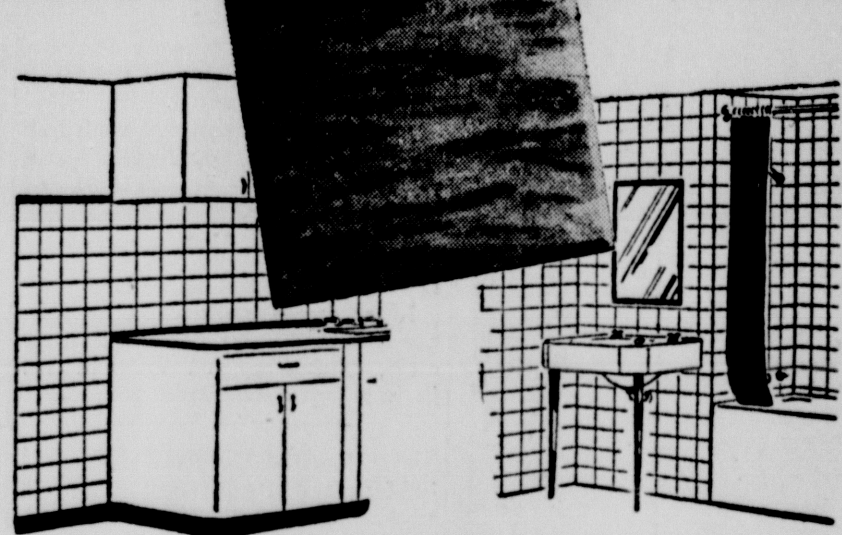

IT IS LEARNED that the Scottish Command of the British Army now has issued a new instruction, stating that recalcitrants, who hold visas for emigration to foreign countries, may be allowed to emigrate without joining the Polish Resettlement Corps.

The Poles claim that no effort was made to interview men before they were dubbed "recalcitrants." They were simply given the option to sign on for the Resettlement Corps or be repatriated to Poland.

AIR SAFETY AWARD  
NEW YORK.—Panagra (Pan American-Grace Airways) recently was presented the Air Safety Award by the Inter-American Safety Council. It was

awarded to the air-line in recognition of operating during 1946 without accident or fatality to passenger or crew over its eight thousand, eight hundred mile South American route.

## DODGERS LEAD NATIONAL LOOP; CARDINALS LAST

Indians Lose To Athletics In Ninth; Reds Blanked By Warren Spahn

NEW YORK, April 30—If, as baseball's form sheets seem agreed, Brooklyn is the club the Cardinals will have to beat to pick up the option on the National League pennant, there can be no time like the present, or semi-present. Specifically, one week from tomorrow at Ebbets field when they are to open a three-game series with the Browns.

As matters stood today, the Dodgers were on top of the National League with a won-and-lost of 8 and 2, the Cardinals on the bottom with 2 and 8. The Dodgers won their sixth straight yesterday by taking a 10-6 decision over the Cubs.

THE CARDINALS lost their sixth straight at the same time, failing to emerge from their fifth slump against the Giants who won, 7-2, after blowing five in a row themselves. The world's champions got only seven hits against Mone Kennedy, who was good — but probably not quite the fellow the Cards made him appear.

In fact, a few more days like the last six or seven might send the Cards into that Brooklyn series late next week urgently needing two out of three games, to avoid being seriously distanced in the pennant race.

It is only two weeks under way, of course, but pennants have been won and lost in less time than that, as national league records will show. As for the American League, it has been pretty much the custom there for champions to take an early lead and stay there — as the Red Sox did last year.

THIS TIME, the Sox are away slowly. So much so that they started their swing through the West with another defeat, an 8-3 beating from the Tigers in which Tex Hughson failed to survive the Tiger attack.

This, with those surprising ninth-inning defeats in Philadelphia and a losing series in New York, had left the champions in a third-place tie with the Tigers before yesterday's game. The result not only left the Tigers in sole possession of the No. 3 slot, but dropped the Sox down to sixth behind Cleveland and Washington.

At that, they're more healthy looking right now than their 1946 World Series conquerors, the Cards.

The latter, as of today, are hitting a hardly credible .201 as a team — probably the lowest club batting mark posted at any time by anybody in 20 years or more. Only Enos Slaughter, at .364, and "Whitey" Kurowski, .314, are coming through. The next "high" among the regulars is Marion's .222, with National League champion Stan Musial all the way down at .135.

THE WEST in general did none too well in the first day's meeting with the East, dropping four of the six games played.

One of the four went to the remarkable Athletics, who pulled out another in the ninth for a 4-3 victory over the Indians. Don Black forced the winning run across by walking Ferris Fain with the bases filled in the ninth.

A seven-run eighth inning, featuring doubles by Ed Stanky and Dixie Walker and a homer by Carl Furillo, staked the Dodgers to their 10-6 victory over the Cubs for their sixth straight. Meanwhile, Warren Spahn was mowing down the Reds, 4-0, with

## RUTH PLAYS GOLF

NEW YORK, April 30 — Babe Ruth had so far recovered today from the cold he apparently contracted at Sunday's testimonial to the great slugger of other days that he was planning a round of golf at some Long Island course. It was said he had suffered no ill effects from a leisurely 18 holes at Bayside yesterday.

a four-hitter that moved the Braves into the first division.

A pair of two-run homers by Hank Greenberg and Ralph Kiner in the third wound up the day by giving the Pirates what they needed for a 6-2 verdict over the Phillies.

Popular elections of mayors were not generally adopted in the United States until the 1820's. In colonial days, the mayor was usually appointed by the provincial or colonial governor.

## FACTS YOU SHOULD KNOW

I HAVE BEEN ASKED THE FOLLOWING QUESTIONS:

1. The general duties of the Mayor, and the salary?
2. The general duties of the Director of Public Safety, and the salary?
3. The general duties of the Service Director and the salary?

## DUTIES OF THE MAYOR:

Quote. (Section 4258 of the General Code of Ohio — The mayor shall perform all the duties prescribed by the by-laws and ordinances of the corporation. He shall see that all ordinances, by-laws, and resolutions of the council are faithfully obeyed and enforced. He shall sign all commissions, licenses, and permits granted by authority of the council, or authorized by this title, and such other instruments as by law or ordinances may require his certificate. Unquote.

The salary of the mayor is \$900.00 per year.

## DUTIES OF THE DIRECTOR OF PUBLIC SAFETY:

Quote. (Section 4368 of the General Code of Ohio) — Under the direction of the mayor, the director of public safety shall be the executive head of the police and fire departments. He shall be the chief, administrative authority of the charity, correction and public building departments. He shall have all powers and duties connected with and incidental to the appointment, regulation and government of these departments except as otherwise provided by law. He shall keep a record of his proceedings, a copy of which certified by him shall be competent evidence in all courts. Unquote.

The salary of the Director of Public Safety is as follows. \$930.00 per year as Director of Public Safety and \$300.00 per year as Health Commissioner, making a total of \$1230.00 per year.

## DUTIES OF THE SERVICE DIRECTOR:

Quote. (Section 4324 of the General Code of Ohio) — The director of public service shall manage and supervise all public works and undertakings of the city, except as otherwise provided by law, and shall have all powers and perform all duties conferred upon him by law. He shall keep a record of his proceedings, a copy of which, certified by him, shall be competent evidence in all courts. Unquote.

The salary of the Service Director is \$1800.00 per year plus a bonus of \$300.00 per year making a total salary of \$2100.00.

## Mumaw's Market One Of New Entries In League

Mumaw's Market is one of the new entries in the Night Softball league this season.

Sponsored by Charles Mumaw, who has been a business man in Circleville for several years, the team is managed by Donald Nance with Ralph Roby serving as coach.

The team roster includes several service veterans and all the players are well-known in sports circles. Signed for the team are:

DOYLE CALVERT, utility outfielder, who served with the Army. He was Ohio's best half-miler in 1942 and is the only left-hand hitter on the team. Willis Conley, ex-Navy man, regarded as one of the best hurlers in the county. Jack Hennis, left field, former Circleville and Ashville high star and one of the fastest men in the league.

Richard Hudson, former merchant marine and basketball and track star at Ashville high school, who will pitch when Conley is resting. Richard Messick, centerfield, ex-Navy man and member of All-Ohio basketball team in 1945. Donald Nance has been softball star in this area for 13 years.

Lawrence "Handsome" Nance, ex-Marine, probably the smallest man in the league, will hold down second base in his fancy style and probably lead off. Paul Nance, ex-AAF crew chief and active in athletics in the CBI theater of war, will be the catcher. Barney "Bo" Reese, former Army man, is in shape for softball after four years with the Rangers. He will hold down right field and is expected to be one of the team's sluggers.

JERRY TREGO, Ashville high star, is ticketed for first base and is rated a coming slugger. Ralph Roby, coach, ex-Navy man, is probably the best infielder ever to represent the

## Obituary

### OBITUARY

Eliza Amanda Runyan was born Nov. 5, 1883 at Tipton, Benton County, Indiana, and departed this life April 16, 1947, at the age of 63 years, 5 mo. and 16 days. She was the daughter of the late David Fenton and Henrietta Ladd Sewell. Mrs. Runyan's early life was spent with her family in Indiana and in later years she came to Ohio to make her home. She was formerly a resident of Mt. Sterling, Ohio where she owned and operated a restaurant for many years. Retiring from this business she located in London, Ohio, remaining there for the past thirty years. She was known by her friends here as "Mattie" or Ma Runyan. At her home in London she found the life she chose to live—quiet and peaceful. She enjoyed raising flowers and vegetables and in the summer spent much of her time doing this. While Mrs. Runyan lived alone, yet she was thoughtful of her neighbors, and in sickness always kept the shut-in supplied with flowers from her garden and yard. She also often took tempting bits of her own baking to a sick neighbor. She took great pleasure in these little acts of kindness.

In early life, Mrs. Runyan worshipped with her family at Pleasant Grove M. E. Church at London. Much of her time at home was spent in reading the Bible, this she did daily.  
Due to failing health, she recently came to make her home with her daughter, Mrs. C. D. Brown, near Circleville and here, all that loving hands could do was done for her, but to no avail. God saw fit to call her home.

She is survived by one son, W. K. Runyan of Columbus, Ohio, two daughters, Mrs. Brown of near Circleville and Mrs. Robert Voliva of Dover, Indiana, two sisters, Mrs. P. E. Leming and Mrs. M. E. Barr both of Lafayette, Indiana, one brother, O. P. E. Sell, Independence, Iowa, six grandchildren, two great grandchildren and many nephews and nieces.

**Blest Be The Tie**  
"Blest be the Tie," how sweet the words  
That fall upon our ears.  
The tie that "binds our hearts in love,"  
In fellowship and peace,  
We kneel before our Father's throne,  
Our sincere prayers we raise,  
Our fears, our hopes, our aims are one.

Yes, one through all our days,  
The sympathetic tie, now flows  
When sorrow comes to us;  
And deep within our hearts we say  
"Thy will, not mine, be done."  
And when from earth we pass away  
And hearts are filled with pain,  
We still "may all be joined in heart  
And hope to meet again."

Yes, meet in heaven, where angels dwell  
With no dissenting minds.  
There, we can sing as with one voice,  
"Blest be the tie that binds us here."  
Farwell dear mother—sweet be thy rest—  
Weary with years and worn with pain—  
Farwell—till in some happier place  
We shall behold thy face again.  
Thy ours to miss thee through coming years  
And tender memories of thee keep  
He giveth His beloved—sleep.

## BASEBALL GAME HALTED BY RAIN

Chillicothe Leading Tigers When Contest Called; Lions Here Friday

Tuesday afternoon's downpour of rain stopped the Circleville-Chillicothe baseball game at Ted Lewis park in the fourth inning. Chillicothe was leading 3-0 when Umpires Amey and Wellington stopped the game. Most of the contest was played in rain but when the shower turned into a downpour the game was called.

The visitors scored two runs in the third on a base on balls, sacrifice, fielder's choice and two hits. Walk, single and error led in another in the fourth.

The Tigers got three men on base but did not score in their three times at bat against "Lefty" Cutright, ace of the Chillicothe mound staff.

Ralph Starkey pitched for Circleville and gave up only three hits in four innings. He retired the Cavaliers in order the first two innings.

Lineups:  
Chillicothe, S. Taylor ss, DeLong lb, J. Taylor 3b, Acton lf, Arledge c, Street 2b, Francis cf, Walsh rf, Cutright p Circleville, Webb cf, Rhoads 2b, Hartinger lf, Steele ss, Stout rf, Smallwood c, Shaw lb, Eccard 3b, Starkey p.

Friday afternoon the Tigers are scheduled to meet Washington C. H. on the Ted Lewis park diamond.

**REPORT ENDORSED**  
WASHINGTON, April 30—Republicans and Democrats in both houses of congress today generally endorsed Secretary of State Marshall's report to the nation on the Moscow conference.  
agreed to let the commissioners decide.  
Then and then only did they open debate on the proposed Greco-Turkish loan, with all its attendant factors of Communism's spread, future foreign policy of America, effect on the national debt and the possibility that it might either cause or prevent another war.  
They warmed to the subject rapidly and soon were shouting again—and the sound and fury, from the floor seemed approximately the same as when they were debating daylight saving time for the District of Columbia.  
Opinions expressed by the writer in the columns are the views of the author and not necessarily those of the Circleville Herald.

On The Air

The 15 Shriners' hospitals for crippled children will be saluted by a galaxy of Hollywood stars in a special broadcast over MBS Monday, at 10:30 p. m. to 11 (E.S.T.). The nimble wit of Bob Hope, top man on the Hooper list, will pace the variety show. Besides Hope the program will spotlight such stellar attractions as Dinah Shore, Dick Powell, June Allyson, the Sportsmen quartet, Charles Hathaway's orchestra, Don Wilson and Harold Russell, Academy award winner. Woven into the program will be

the story of the Shriners' Hospitals for Crippled Children which is currently celebrating its 25th anniversary. Guest speaker will be New York Supreme Court Justice George H. Rowe of Buffalo, N. Y., imperial potentate of the Shrine of North America.

"Dry Bones," one of the most popular songs ever presented by the famous Fred Waring glee club during their weekday broadcasts, will be recorded for Decca. The companion piece for this latest Waring platter will be a song called "Set Down, Servant."

"This Is Hollywood," last

week signed to a new contract, for the season starting next Fall by its current Saturday sponsor now is heard at the new time of 9 p. m., E.S.T.

Quipster Bob Hawk, who now offers a \$250 jackpot question on his Monday night comedy quiz, hasn't forgotten the boys in uniform. During the month of May he will forward free cigarettes from the program's duffel bag to recuperating GIs in Veteran Hospitals in Wyoming, California, Arizona, Michigan, New York, Connecticut.

"That's How Much I Love You," a song that has been such a terrific hit on previous

"Grand Ole Opry" broadcasts will be sung and played by Eddy Arnold and his Tennessee Plowboys when they gueststar on the "Opry" broadcast Saturday, at 9:30 p. m., E.S.T. The song, written by Arnold, Wally Fowler and J. Graydon Hill, has been recorded by some of the top performers of the day. Although Arnold is no newcomer to the "Opry" broadcast, this will be the first time he and his musicians have been featured in several years.

When Abbott and Costello, the Thursday night funstars, formally unveil their quarter-million

dollar Youth Foundation project on May 3 Attorney General Tom Clark will make the dedication address if his official duties permit.

Words of Wisdom  
The pernicious, debilitating tendencies of bodily pleasure need to be counteracted by the invigorating exercises of bodily labor; whereas, bodily labor without bodily pleasure converts the body into a mere machine, and brutalizes the soul.—Anon.

Today's Horoscope

You are cautious yet shrewd, positive and intuitive. You always want to act on your intuition, but your cautious nature holds back, making a constant dispute within you. Yet people sometimes take advantage of you in spite of your intuition. You are sensitive and easily offended. The day is good regarding joint finances, and the possessions of another; also bills, loans, collections, insurance and buying. There are gainful vibrations. A moderately happy and successful year is envisaged for you, but watch expenditures. Do not be extravagant or over-generous, and avoid law. A female relative will render valuable aid. Today's child will be tactful, patient, persistent, unassuming, industrious, humane, clever and endowed with much manual dexterity, but likely to imposition on the good nature.

# Chamber Of Commerce Endorses City School Bond Issue

## PLANS OUTLINED FOR 'WELCOMING' STREET LIGHTS

C of C To Make Efforts To Bring New Industries To Circleville

Circleville Chamber of Commerce members at a meeting held Tuesday night following a dinner in the Betz Restaurant voted full support of the school bond issue, to be voted on next Tuesday in the Circleville city school district.

It was decided that a street dance may be staged in connection with the community celebration now being arranged to mark the "turn on" of Circleville's new 37-unit boulevard lighting system in the downtown district.

John Magill, Chamber president, announced appointment of a committee to map plans for the street lighting celebration which will be on or about Memorial Day, May 30. The committee is composed of Mayor Ben H. Gordon, chairman; County Treasurer Robert G. Colville; City Safety Director Thurman I. Miller; and Charles T. Gilmore, Circleville district manager of the Columbus and Southern Ohio Electric company.

Music for the celebration will be provided by at least two high school bands.

VADEN COUCH discussed the proposed school bond issue and stressed the importance of its endorsement by the voters May 6, and A. W. Bosworth, a new member of the Chamber of Commerce, emphasized the need for a high school trade school with adequate equipment and facilities in view of the fact most children who are graduated from Circleville high school never go on to college. He said a properly equipped trade school will develop coordination of eyes and hands and will decrease juvenile delinquency.

During a discussion of Circleville's industrial outlook it was stated that an immediate attempt will be made to bring new industries to Circleville. Mack Parrett was authorized to get World War II veterans to take options on south end lots obtained by the Chamber of Commerce for future community development.

FRANK SUSA was named to fill the vacancy caused by the resignation of George Fishpaw as chairman of the retail merchants' division. Mr. SUSA and Boyd Stout were appointed to serve the unexpired terms of Irvin Reid and Paul Hang as members of the board of directors.

The next regular meeting will be held May 27 with R. Douglas Pinkerton, secretary-manager of the Chillicothe Chamber of Commerce, as the guest speaker.

## CHURCH GIVES \$10 INSTEAD OF TAKING MONEY

URICHVILLE, O., April 30—The Urichville Moravian church had \$1,000 invested today in a belief that its congregation could demonstrate the truth of the parable of the talents.

When the collection plates were passed as usual in the church Sunday, each member was told to take a ten-dollar bill from the plate. A total of \$1,000 was disbursed.

The surprised church-goers got their explanation then from the Rev. J. Norman, who quoted from Matthew 25: 14-30 and preached on the parable of the talents, wherein each sum given

out was returned two-fold. The church is seeking \$5,000 for improvement of its property. The minister announced that the "in-gathering" would be Oct. 26 when the members of the congregation will report on their success in doubling the ten dollars given them Sunday.
